### ***Two day virtual international conference on "Pharmaceutical Research and Innovation"***

***Date: 6-7 January 2022***

***Platform: Online***

Indore institute of pharmacy organized two day virtual international conference on "Pharmaceutical Research and Innovation" jointly organized by IIP and Research Foundation of India. Sponsored by HERF, World virtual Conference forum, Academic Research Guide association, International Research Guide Federation, and Edu Academic Inc. (RFI).

4 planetary international special guests and key speakers were invited for the conference. The lectures were delivered by Dr. Yamshchikova Sargylana Ivanovna, from Department of Pharmacology and Pharmacy, Medical Institute of the North-Eastern Federal University, Russia. Dr. Weaam Nabil El Sayed, from Institute of Pharmaceutical Biology and Biotechnology, German. Dr. Aml Kholeif Dr. Chemist Researcher Faculty of Science, Menofia University School of Pharmacy and Pharmaceutical Science, Egypt. Mr. Rudra PD Ghimire, from Department of Management, Nepal. Special Guest and Key Note speaker for day 1 was Dr. Abhishek Dwivedi from Sri Satya Sai Institute of Pharmaceutical Science, Bhopal and for Day 2 was Dr. Rakesh Tikade, Associate Professor NIPER, Ahmedabad.

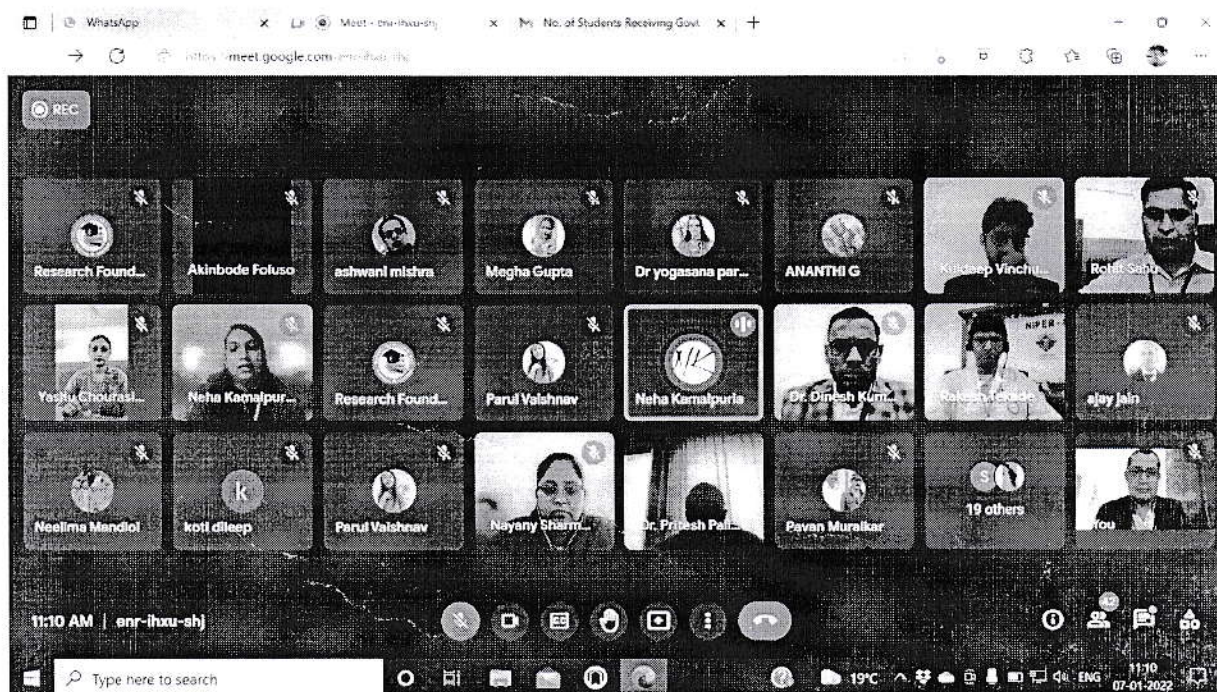

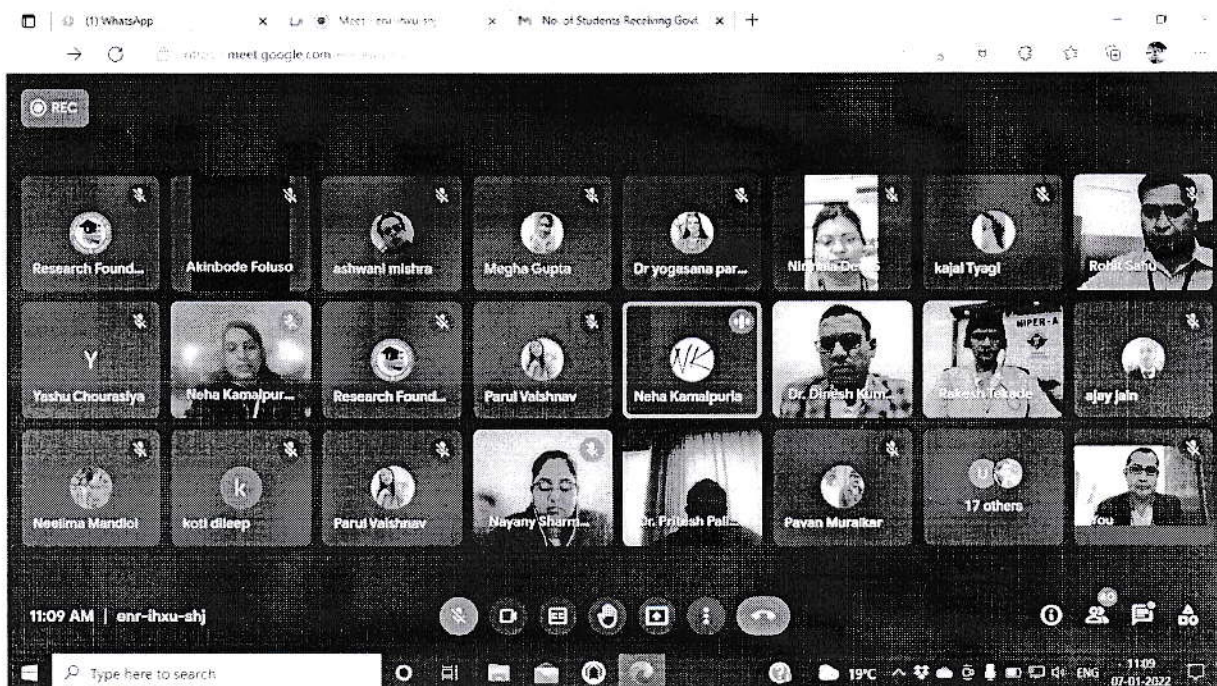

Guest of Honor for the conference is Dr. Karunakar Shukla, President IPGA MP State Branch. Patron for the conference was Dr. Sourabh Jain, Chairman, and CEO of Research Foundation of India, Shri Arun S Bhatnagarji, Director-general IIST, IIP, IIMR Group of Institutions, Indore. Professor Ashok Kumar Gupta, Chief managing Director, Research Foundation of India. Dr. Priyadarshini Agnihotri, President, North-south Board, Research Foundation of India. Dr. Ajay Jain, National Coordinator, Research Foundation of India. Dr. Manish Dubey, Central India Board, Research Foundation of India, and Dr. Sanjay Prasad, State Convener, MP, Research Foundation of India.

Dr. Dinesh Kumar Mishra, Principal Indore Institute of Pharmacy was the Conference Conveyer. Dr. Saurabh Jain, started the conference with welcome note.

Then the session of day 1 started with the expert lectures of international and National speakers. On the second day of conference oral presentation were conducted of the participants.

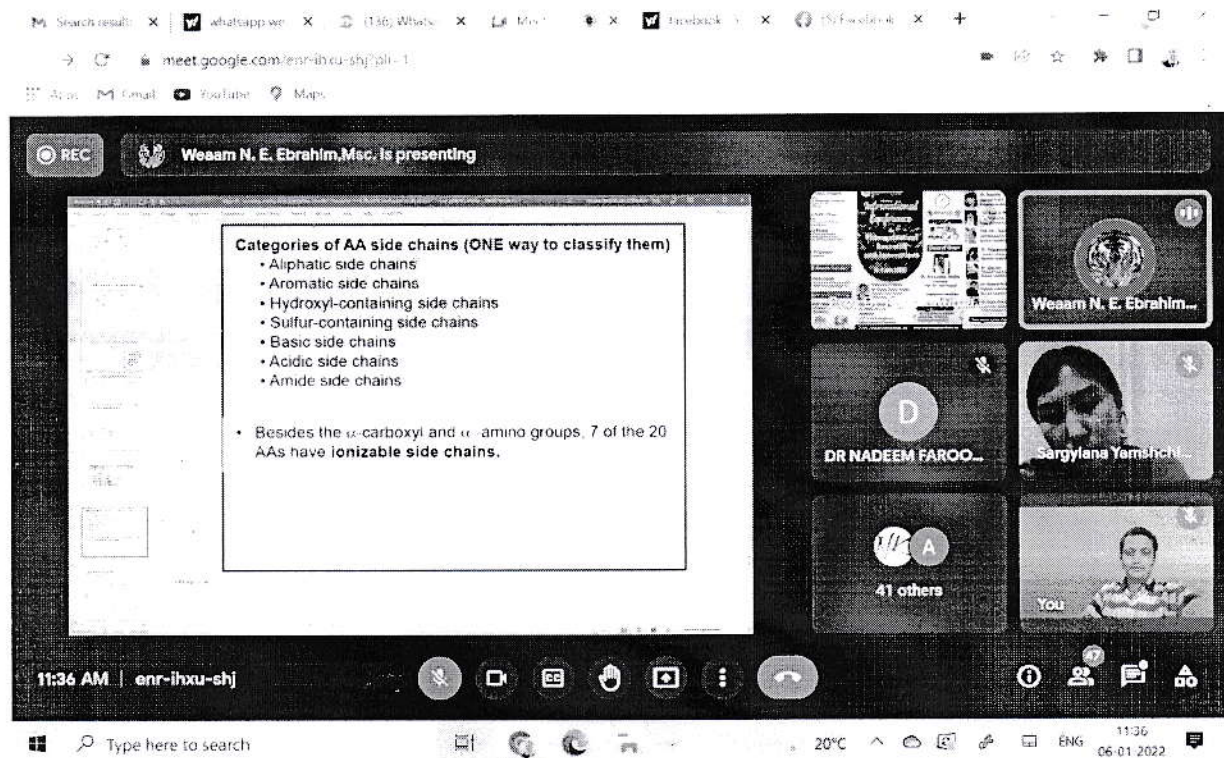

The session was concluded with valedictory function and Dr. Dinesh Kumar Mishra proposed the vote of thanks to all the delegates, key note speakers and participants.

### List of Presentations

M.Pharm Student	1. Parul vaishnav- formulation and evaluation of microemulsion loaded gel of antifungal drug.
M.Pharm Student	2. Megha Gupta- design of topical gel loaded with nano emulsion of cyclopyrox olamine
M.Pharm Student	3. Moumita sant- nano carriers of antifungal agents
M.Pharm Student	4. Neelima Mandloi-3D PRINTING FOR DRUG DELIVERY AND ITS PHARMACEUTICAL APPLICATION-A MINI REVIEW
Faculty	5. Gaurav Sarsodiya - Modern Analytical Techniques
Faculty	6. Saloni Yadav - PROTAC - An Emerging Technology
Faculty	7. Rohit Sahu -
Faculty	8. Kuldeep Vinchurkar- Loaded Microspheres by Solvent Evaporation Technique: In Vitro-In Vivo Study of Metformin as a Model Drug
Faculty	9. Nayany Sharma-

## A report on Two days E-conference on 'Translational Research for Nanomedicines'

Days: 23<sup>rd</sup> and 24<sup>th</sup> April 2022

Two days E-conference was organized by Indore Institute of Pharmacy, sponsored by the Apex bodies like AICTE, New Delhi and IPGA MP-State Branch.

Overwhelming responses were received from across India, with registrations from different states like Chhattisgarh, Haryana, Himachal Pradesh, Maharashtra, Punjab, Uttarakhand, Uttar Pradesh, and West Bengal. Overall 253 registrations were received by the committee and most of them are faculty members. Furthermore, 38 oral presentations were made by faculty members and 42 poster presentations were done by PG and UG students.

The inaugural ceremony of the conference witnessed the gracious presence of President of Pharmacy Council of India, Dr. Montu M. Patel, President National Branch IPGA, Dr. Atul Nasa, General Secretary National Branch IPGA, Dr. Arun Garg, President IPGA MP-State Branch Dr. Karunakar Shukla and Hon'ble Director General of IIST- IIP-IIMR group of Institution Shri Arun S Bhatnagar Sir.

In welcome speech our Patron and DG Shri Arun S. Bhatnagar briefed the guests about various academic initiatives being implemented in the Institution and also stressed that student must be well equipped to handle the stress of failure. He also emphasized the various initiatives taken to promote Green Campus. The key point was the fact that he put forth the most important issue faced by Pharmacy Students and appealed to the President of PCI that he should look into the matter and take necessary initiatives to curb malpractices in the profession.

(Screenshots of E-conference)

Pr. Bhatnagar

Respected President reciprocated by assuring that we can expect improvements in time to come. He also informed the gathering that this conference is the first occasion where he is being invited as Chief Guest after joining the office of President PCI. He further informed that he was happy with the theme of conference as he also shares the same area of research. Dr. Atul Nasa appealed to all graduates and post graduates to join IPGA platform and help in the objectives of the association.

The scientific sessions of day 1 witnessed talks by Senior eminent speakers Prof. N.K. Jain who talked about the theme of the conference; Dr. Sanjay K. Jain talked about emerging technologies in colon specific drug delivery; and Dr. Padyumna K. Mishra delivered a talk on low cost innovations in predicting and preventing future disease susceptibility. These sessions were chaired by Dr. P.K. Mishra, Dr. G.D. Gupta, and Dr. Subheet Kumar Jain.

Post-lunch the day witnessed oral presentations by faculty members in front of Panel of Judges comprising Dr. Deepti Jain, Prof. UTD, RGPV Bhopal and Dr. Sanjay Sharma, Asso. Prof. SPPPTM, Mumbai.

Day 2 was opened with scientific session by Dr. Sanyog Jain who spoke about Design of cancer nanomedicine with improve therapeutic efficiency and safety. Later Dr. Rakesh Kumar Tekade spoke on prospectus and retrospects in nanomedicine. On day 2, 40 poster presentations were made by students in front of panel of judges comprising Dr. G.N. Darwhekar, Principal AIPER, Indore and Mr. Pritam Siraskar, Manager, Glenmark Ltd., Indore

Out of these we have selected three best oral and three best poster papers. Looking at the virtual nature of this meeting, the scientific sessions were made open for our institute UG, PG and diploma students so that they can learn from the Eminent Persons of the field. In addition, the conference was streamed live on face book and YouTube to increase its outreach.

## Report of Workshop on IPR

Workshop on theme 'Role of Patent Protection in Changing World' was conducted for students and Faculty members on 05/08/2021 by Indore Institute of Pharmacy, Indore

**Resource person:** Dr. Vivek Kumar Uprit, Associate Professor, Institute of Computer Application, Sage University, Indore, Madhya Pradesh

**Venue:** Indore Institute of Pharmacy, Indore

**Date & Time:** 05/08/2021, 2:00 pm – 4:00 pm

The workshop commenced with welcoming remarks by Dr. Dinesh K Mishra, Principal Indore Institute of Pharmacy, Indore. Dr. Dinesh K Mishra, Convener explains about the importance of IPR in recent world. More than 40 participants including teachers and students participated in the workshop. The programme included talks on importance of IPRs and their protection, Patenting procedures and patent informatics, patent searches, role of innovation and invention in the academia-industry collaborations, trademark and copyright protection, issues of do's and don'ts for a researcher in the context of publishing and patenting

Dr. Vivek Kumar Uprit, focused on the complex nature of the intellectual property and its rights. He also explained in details the various provisions I the law to protect our intellectual property. He also talked about the pitfalls of neglecting the IPR during the writing of research papers. The session was followed by the question-answer hour in which various questions were asked and discussion and deliberations were held.

At the end of the workshop Dr. Rekha Bisht, Co-ordinator proposed a vote of thanks and acknowledged the contribution of eminent speaker, faculty, staff and participants. She also acknowledged contribution of members of organizing committee Dr. Nadeem Farooqui Mr. Darshan Jamidar, Mr. Rohit Sahu, Ms. Arti Majumdar, Ms. Nayany Sharma.

At last, participants were asked to attempt the workshop based quiz and to fill the feedback form for their valuable feedback and suggestions.

**Feedback Analysis:** The participants were satisfied with the well organized workshop. They were also satisfied with the thorough knowledge of the speaker on the topic of the workshop.

## Report

### World Intellectual Property Day on 26<sup>th</sup> April, 2022 at IIP

Every April 26, we celebrate World Intellectual Property Day to learn about the role that intellectual property (IP) rights play in encouraging innovation and creativity. World Intellectual Property 2022 recognizes the huge potential of young people to find new and better solutions that support the transition to a sustainable future.

Across the globe, young people are stepping up to innovation challenges, using their energy and ingenuity, curiosity and creativity to steer a course towards a better future. Innovative, energetic and creative minds are helping to drive the changes we need to move to a more sustainable future. Discover how intellectual property rights can support the youth of tomorrow to create a better future.

This year the theme of World Intellectual Property Day is “IP and Youth: Innovating for a Better Future” and celebrates youth-led innovation and creativity.

The youth of today are an incredible and largely untapped source of ingenuity and creativity. Their fresh perspectives, energy, curiosity and “can do” attitude, not to mention their hunger for a better future, are already reshaping approaches and driving action for innovation and change.

World Intellectual Property Day 2022 is an opportunity for young people to find out how IP rights can support their goals, help transform their ideas into reality, generate income, create jobs and make a positive impact on the world around them. With IP rights, young people have access to some of the key tools they need to advance their ambitions.

World Intellectual Property Day is celebrated with great fervour at Indore Institute of Pharmacy. Dr. Sanjay Sharma, Associate Professor, SPPSPTM, Mumbai was the key note speaker who delivered lecture on the theme of ‘IP and Youth: Innovating for a Better Future’ using the online mode for the same. Dr. Sanjay has got more than 18 years of experience in teaching and he is the kind of personality in the teaching fraternity who doesn’t require any introduction. He is very well known for his painstaking efforts in the field of Intellectual property rights.

Around hundred students and faculty members were benefited with his lecture. Dr. Sharma had covered almost all the significant topics of Intellectual Property i.e. what is Patent, how to create it, what is Copyright and how to avoid plagiarism in this process. He also spoke about the importance of Intellectual Property in the field of pharmacy.

Dr. Dinesh Kumar Mishra, Principal Indore Institute of Pharmacy welcomed the speaker and Dr. Pankaj Dixit gave the vote of thanks to keynote speaker Dr. Sanjay Sharma. The program was coordinated by Mr. Sandip Patil.

### International Webinar Report

**Title:** International Webinar on “Post Covid-19 Opportunities in International Pharmacy Sector: Are we future Ready”.

**Date and time:** 26/09/2020, 11.00 am

Online platform: Zoom

Link of the event: <https://us02web.zoom.us/j/kc6ZhrDjWW>

**Eminent Speaker:** Mr. Abhay Raut, Senior Manager-Commercial Excellence, Baxter Healthcare, Asia Pacific Region-Singapore

**Chief Guest** – Mr. Arun S. Bhatnagar, Director General, IIST-IIP-IIMR Group of Institutions

**Guest of Honor** – Dr. Karunakar Shukla, President, IPGA-MP State Branch

Indore Institute of Pharmacy, Indore has started the new session post-covid era with the effort to break the shackles of a rigid curriculum given by RGPV and expanding the reach of Pharmacy Education that can be imparted. With the conduct of this key event, it brings the students abreast with the latest events and trends of Pharmaceutical Industry – The live, face-to-face interaction with Industry Experts and Stalwarts that will throw a bird’s eye view on the ongoing trends in Pharmacy Industry, not only on national but International Platform. Keeping this objective in mind the International Webinar was conducted on 26<sup>th</sup> September, 2020, wherein students from graduation and post-graduation participated online, with total strength being 114.

Hon’ble DG Shri Arun S. Bhatnagar opened the session, and emphasized the state of Pharmacy Industry during the Covid-19 period. He summarized the state of affairs regarding US-FDA approvals of Indian plants and also the status of API Manufacturing by the Indian industry. He also informed the students about initiatives of the Indian Govt. which projected an investment of 1.3 billion crores in API production industry. He appealed to the students to Interact with the guest speaker enthusiastically.

PV Dixit

Dr. Karunakar Shukla, President, IPGA-MP state branch congratulated the Institute for initiating the education activities in this way so that the students come in contact with International Eminent Professionals and are able to plan their future in post covid-19 era.

The eminent speaker in his talk focused on the area of technology advancement in the field of Personalized medicines, Cloud-based patient management services and application of AI in healthcare Industry. He also informed the student about new opportunities in the area of nuclear pharmacy, NASA pharmacist and many more. At the end of his talk students interacted with the speaker. The function concluded with the Vote of thanks by Principal, Indore Institute of Pharmacy.

## Indore Institute of Pharmacy

### 'How to Patent Your Innovative Idea' Report

Workshop on theme 'How to Patent Your Innovative Idea' was conducted for students and faculty members on 03.01.2020 by Indore Institute of Pharmacy, Indore.

**Resource person:** Dr. Vivek Kumar Uprit, Associate Professor, Institute of Computer Application, Sanghvi Institute of Management and Sciences

**Venue:** Auditorium-I, IIST Campus, Indore Institute of Pharmacy, Indore

**Date & Time:** 03.01.2020, 2:00 pm – 4:00 pm

The workshop commenced with welcoming remarks by Dr. Dinesh K Mishra, Principal Indore Institute of Pharmacy, Indore. Dr. Dinesh K Mishra, Convener narrated the objective of the workshop that aims to give participants a better understanding of the Patent Process through Expert lecture, and Dr. Pritesh Paliwal, Co-ordinator explains about the importance of IPR in recent pandemic situation. Total 43 participants including Research Scholars and Students participated in the workshop. The workshop began with the History of Intellectual Property from beginning to developing phase. Subsequently explaining the formation of World Intellectual Property Organization and its roles and functions i.e., IPR agreement administration, IPR Practices harmonization.

Dr. Vivek Kumar Uprit, further explained the Indian scenario of Intellectual property system and the Office of the Controller General of Patents, Designs and Trademarks, Department of Industrial Policy and Promotion. He also explained the roles and functions of Intellectual property Office in India.

Dr. Vivek Kumar Uprit also gave details of the process of filing the Patent application, Copyright application, Trademark application, Design application. At the end of workshop in discussion session Dr. Uprit interacted students to solve their queries related to IPR. Students, researchers, faculty participants and budding entrepreneurs who

are particularly involved in innovative projects and research in their respective domains were benefited by this workshop.

At the end of the workshop **Dr. Pritesh Paliwal, Co-ordinator** proposed a vote of thanks and acknowledged the contribution of eminent speaker, faculty, staff and participants. He also acknowledged contributions of members of organizing committee Mr. Darshan Jamidar, Mr. Ritesh Patel, Ms. Neha Kamlapuria and Ms. Nayany Sharma

## One Day Workshop on SPSS

### Report

Workshop on SPSS was conducted for faculty members and students on 03/04/2019 by Indore Institute of Pharmacy, Indore

**Resource Person:**

Dr. Rupesh Shukla

Head of Department,

Computer Application, SCMKVM,

Indore, (UGC NAAC A+ grade)

**Venue:** Indore Institute of Pharmacy, Indore

**Date & Time:** 03/04/2019, 11:00 am to 4:00 pm

The workshop commenced with welcoming remarks by **Dr. Pankaj Dixit**, Principal Incharge, Indore Institute of Pharmacy, Indore. Dr. Dixit, Convener narrated the objective of the workshop that aims to give participants a better understanding of SPSS software. This program is intended to equip participants with basic and advanced data analysis skills using SPSS software to produce best quality research and contribute to evidence based policies and practices through hands-on exercises, and **Dr. Nadeem Farooqui, Coordinator** explains about the importance of SPSS software utility. **More than 50 participants** including faculty members and students participated in the workshop. The main focus of the program was to identify the right statistical tools and techniques for different research objectives and carry out data analysis using SPSS.

**Dr. Rupesh Shukla, Speaker** performed demonstration of SPSS as a data analysis tool. He also explained how to analyze and recognize information using SPSS, how to integrate information and build models using SPSS and effectively summarize research findings and represent them graphically using SPSS.

At the end of the workshop, Dr. Nadeem Farooqui, Coordinator proposed vote of thanks and acknowledged the contribution of eminent speaker, faculty, staff and participants. He also acknowledged contributions of members of organizing committee Dr. Pritesh Paliwal, Dr. Rekha Bisht, Mr. Ritesh Patel. Ms. Rupali Sontakke, Ms. Nayany Sharma.

At last, the participants were asked to attempt the quiz. The participants were also asked to fill the feedback form to get their valuable suggestions.

**Feedback Analysis:** The participants were satisfied with the learning objectives of the workshop. They were also satisfied with the facilities provided for the workshop to them. Suggestion for increasing the time period for hands on training was given by the participants.

**Guest lecture on Entrepreneurship**  
**'Borosil Glassware Ltd'**

Borosil is a single largest manufacturer of the complete range of glassware in the country. Their products find usage in all laboratories from high end pharmaceuticals production to high schools and colleges. The company's products include laboratory glassware, instruments, disposable plastics, liquid handling systems and explosion-proof lighting glassware for the education sector and for industries including microbiology, biotechnology, photo-printing, process systems and lighting.

A technical lecture was conducted on **29/08/2018** by Borosil glassware Ltd in auditorium I in IIP campus at **3:00 pm - 4:00 pm**. **Mr. Dhaval Mehta, Speaker** explained the students about how to establish a glassware company. He also briefed the students on following points:

- 1) Types of glass and its properties
- 2) Parameters affecting glass performance
- 3) Graduation, calibration and certification
- 4) Cleaning and drying
- 5) Tips for selecting right glassware and uses
- 6) Safe working with laboratory glassware
- 7) Audit Related queries

At the end of session, a question answer round was conducted in which students participated actively. **Dr. Sanjay Jain, Principal, IIP**, explained the prospects of entrepreneurship in pharma sector.

**'One day workshop on Research Methodology'**  
**Report**

Workshop on Research Methodology was conducted for students and faculty members on 17.03.2018 by Indore Institute of Pharmacy, Indore

**Resource Person:**

Dr. Rupesh Shukla,  
HOD, Computer Application, SCMKVM, Indore  
(UGC, NAAC, A+ Grade)

**Venue:** Indore Institute of Pharmacy, Indore

**Date & Time:** 17.03.2018, 11:00 AM – 4:00 PM

The workshop commenced with motivational remarks by the Chairman of the workshop, **Shri Arun S. Bhatnagar**, Director General, IIST/IIP/IIMR, Indore. In the opening ceremony, **Dr. Sanjay Jain**, **Convener** of the workshop narrated the objectives of the workshop. More than **45 participants** including faculty members and students participated in the workshop. The workshop begins with understanding the importance of research. Research is the systematic and objective process of gathering, recording and analyzing data for taking appropriate and meaningful decisions. It connotes patient study and scientific investment, wherein the researcher takes a more careful look at data to discover all that could be known more deeply about the subject under study.

Keeping in view the importance of research methodology, **Coordinator of the workshop Dr. Pritesh Paliwal** further clarified the aim of the workshop. This workshop on Research Methodology aims to explore the basic dimensions of research and the concomitant need for participants to rethink about the assumptions that underlie historic paradigms of research in the field of Pharmaceutical Sciences.

**Dr. Rupesh Shukla**, Speaker explained the importance of research methodology and applied research. He explained that to keep pace with the recent advancement in any discipline, one has to be well versed with the latest developments in research

*APL*

methodology. He also clarified that the quality of manpower is the most important factor for producing good quality researchers.

Dr. Shukla provided an overview of Contemporary Research Methodology, review of Literature and discussed the methodological requirements of research and how to simulate new approaches. He also explained the researchers, irrespective of their discipline, in developing the most appropriate methodology for their research studies. Dr. Shukla provided an overview on the statistical requirements of the research. He guided participants for publishable technical writings (including research ethics).

At the end of the workshop, Dr. Pritesh Paliwal proposed a vote of thanks and acknowledged the contribution of eminent speakers, faculty, staff and participants. He also acknowledged contribution of members of organizing committee Dr. Nadeem Farooqui, Mr. Darshan Jamidar, Mr. Ritesh Patel, Ms. Neha Kamlapuria and Ms. Nayany Sharma

At last, participants were asked to attend a workshop based quiz and to fill the feedback form for their valuable feedback and suggestions.

**Feedback Analysis:** The participants were satisfied with the organized manner of the presentation and through knowledge of the speaker on the research methodology. The participant suggested increasing the time period of the workshop for better understanding of the concept and also gave suggestions for arranging such workshops more related to the pharmaceutical field.

## REPORT

### **Guest lecture on “Career Opportunities in Pharma Sectors”**

A guest lecture on Entrepreneurship and career Opportunities in Pharma Sectors was conducted at Indore Institute of Pharmacy on 25 January 2018 with an aim to make students aware about various career opportunities available in pharma field. The program was organized by Career bloom Pvt Ltd. The guest speaker of the program was **Mr. Avinash Kumar, Sr. Marketing manager, Chirpal group Ahemdabad**. Mr. Avinash Kumar explained the opportunities and scope of pharmaceutical industry. He explained how to become an entrepreneurship in the pharma sector.

He also explained the career graph in the field of sales, the various positions of sales in the industry. He mentioned that India has a vast pool of trained pharmaceutical scientists, doctors and researchers for joint collaborative research for new drug discoveries. Also, the pharmacy sector in India has low cost of production and low research and development cost. Innovative scientific manpower and strength of national laboratories offer tremendous opportunities.
