1.1.2 The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation

The Institute adheres to the academic calendar and scheme provided by the University for the conduct of a CIE system. Continuous Internal evaluation in the institution is transparent and robust which includes advanced mentoring, academic calendar, grievance redressal, uploading the internal marks in the university portal.

The institution has in-house examination committee to oversee the conduct of the internal assessment tests. The process of internal evaluation starts at the classroom level. For each subject two internal tests are conducted before each semester giving fair chance to the absentees due to permissible circumstances and thus bring students under a uniform internal evaluation system. The college internal assessment exam committee frames the guidelines for conducting CIE.

The following reforms have been carried out for CIE:

1. Time table: Schedule for internal examinations is communicated to the students well in advance by the class coordinator despite mentioning the same in the academic calendar.
2. Syllabus: The syllabus for the internal examination is also communicated to the students in the classroom by subject teacher one week in advance.
3. Setting of question papers: Subject teacher set the question paper keeping Programme Outcomes (POs) and Course Outcomes (COs) and unitized syllabi and University examination pattern in consideration. Question papers are submitted to house examination committee three days before the commencement of the internal assessment test.
4. Conduct of internal assessment: Internal assessment test is conducted as per the seating plan communicated to the students. The seating plan is displayed on the board provided beside the classroom doors.
5. Communication of IA marks: Internal Assessment (IA) marks are announced and the answer sheets are distributed in the class within the next three days from the test. Sessional marks are displayed on the notice board. The students are given a chance to bring their grievances if any to the concerned subject teacher and if satisfied with the marks they mention it on their answer sheet with the phrase- Seen and satisfied with their signature and date.
6. Parent - Teachers meetings: Poor performance due to frequent absenteeism is dealt with by informing the parents of such students.
7. Submitting MST marks to University: For each subject, two internal assessments are conducted and sessional marks are recorded in the consolidated Award mark sheets. The better of the two internal assessments with respect to each student is considered and the same is uploaded in the RGPV university portal.
