

2.3.2.: Teachers use ICT enabled tools for effective teaching-learning process

Along with the conventional teaching and learning approach, our institute is extensively using ICT-based e-learning systems - Content management and Learning management platforms like Google classroom for effective teaching-learning processes. The teachers structure their course contents and upload course material/resources in the form of text, PDF, YouTube videos, and presentations on their respective Google Classrooms. Web-based learning is implemented with the help of online material and content made available by the affiliating universities and subscription of databases like DELNET.

Our staff members were motivated to participate in the e-Faculty development programs, workshops, conferences, and webinars organized by various institutes, in collaboration with AICTE. Our institute and faculty members had Facebook, linked-in, blogs, Instagram and YouTube pages which indicates the use of social media to connect with students. These contents are also accessible to the institutional students and faculty members. ZOOM platform is used to conduct meetings and organize webinars. The sessions can be recorded for later use. Google Meet is used to host a video session/lecture. Teachers can invite up to 100 participants and record the sessions for later access.

ICT Infrastructure at Indore Institute of Pharmacy (IIP)

Executive Summary

Indore Institute of Pharmacy (IIP) prioritizes technological integration in its academic framework. The institute boasts:

1. **ICT-enabled classrooms:** Equipped with LCD projectors and Digital Slates for interactive learning.
2. **ICT-enabled seminar halls:** Featuring Smart Boards and lecture recording capabilities for dynamic presentations.
3. **ICT-enabled auditorium:** A central venue with advanced audio-visual systems, accommodating over 300 attendees.
4. **ICT-enabled Pharma labs:** Including a Pharmacology Lab and a Molecular Modelling Lab, offering cutting-edge technology for hands-on practicals.
5. **ICT-enabled Communication lab:** The institute has a well-equipped Language lab with 62 computers in two labs, licensed software, and a LAN facility.
6. **ICT Various Tools Available in the Institute**

In essence, IIP's ICT facilities underscore its commitment to modern, interactive, and comprehensive pharmaceutical education.

Standard Pro and Standard Biz are now called Zoom One Pro and Zoom One Business. Please note that your Services will remain the same and that this name change does not change the price of your current subscription.

This plan includes products with monthly and/or yearly subscription periods. The subscription period for each plan, and the total charge, INR 1300.00 (plus applicable taxes and regulatory fees), per subscription period for that product are set out above in the Charge Details section. Unless you cancel, your subscription(s) will auto-renew each subscription period and each subscription period thereafter, at the price(s) listed above (plus any taxes and regulatory fees applicable at the time of renewal) and your payment method on file at zoom.us/billing will be charged. You can cancel auto-renewal anytime, but you must cancel by the last day of your current subscription period to avoid being charged for the next subscription period. You will not be able to cancel your "base plan" (Zoom Meetings, Zoom Phone, or Zoom Rooms) without first canceling all other subscriptions in your plan. If you cancel, you will not receive a refund for the remainder of your then-current subscription period. You can cancel by navigating to zoom.us/billing and clicking "Cancel Subscription," clicking through the prompts, and then clicking to confirm cancellation. Should Zoom change its pricing, it will provide you with notice, and you may be charged the new price for subsequent subscription.
