## Report on Plantation Drive at Dhanwantary Garden

*Notesheet  
Suhio*

Date: 05h June 2024

Organized by: Indore Institute of Pharmacy, Indore

On 05h June 2024 (World Environment Day) a very auspicious tree plantation programme was organized in our institute to create awareness regarding climate change and its adverse effect on us. Tree plantation drive was organized to demonstrate the students their commitment towards environmental conservation. Students were divided in the group of 10 students and around 10 trees are planted.

Every year plantation drive is organized, and students are instructed to plant a sapling and take care of that sapling till their tenure in the Institute. He / She can cherish this memory even after leaving the institute. IIP has a lush green campus where a variety of trees are planted like Silver oak, variety of fruit Plants, ornamental plants which not only add aesthetic value to the campus but also prevents soil erosion. This has also led to conserving biodiversity and new species of birds are seen in the campus. The varieties are chosen meticulously according to the scientific value of a particular plant and then healthy saplings are procured from forests and nurseries.

This session aimed to make everyone aware of the International Day of the Girl Child and the government's efforts to support girls. Our goal was to inspire people to get involved and help create a better future for girls, not just in Sindodi but everywhere. It was an important step in our mission to empower girls and promote gender equality.

**2. Interactive Games and Gift Distribution:**

To engage with the local community and foster a sense of togetherness, we organized a series of games and activities with the students of the local school. These games not only brought joy and enthusiasm but also encouraged a sense of unity among the participants. Prizes and gifts were awarded to the winners of these games, which were generously provided by the college students who coordinated the event. This interactive approach aimed to build positive relationships and promote community involvement, further strengthening our ties with the village of Sindodi.

**3. Awareness Rally:**

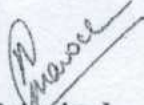

A dedicated team of student coordinators conducted an awareness rally. They visited homes and interacted with residents, person to person, to spread awareness about the International Day of the Girl Child and the government initiatives aimed at supporting girls. The rally was a proactive effort to ensure that the message reached every household in the village, further amplifying the impact of our program.

The program in Sindodi was a resounding success, and it achieved its primary goal of spreading awareness about government agencies and initiatives supporting girls. The active participation of both college students and NSS volunteers, along with the warm response of the village community, made the event truly memorable.

We believe that initiatives like these play a crucial role in empowering girls, promoting their education, and creating a more inclusive and supportive society. We hope that our efforts will inspire positive change in Sindodi and other communities like it.

**A Report on Gandhi Jayanti**

Indore Institute of Pharmacy, Indore organized Cleanliness Drive under Swachh Bharat Swasth Bharat Abhiyaan Programme on the occasion of Gandhi Jayanti. The main purpose of this programme was to create awareness among the students regarding Cleanliness and its benefits. Under this programme, all the students had to participate. Even teachers were the essential part of this drive. As a part of this Cleanliness Drive, we had to clean the whole campus. The sweepers of the institution had to be the observers. Our Principal started the programme by cleaning the corners of the playground. Then the teachers and students followed suit. Some of us picked brooms and started our job. Some of the students did the dusting of the rooms and others went to the playground and started picking wrappers lying scattered there. After collecting them they threw them in to the dustbins. After doing this job for two to three hours, we all assembled in the seminar hall. There we were given refreshment.

Thereafter our Principal delivered the speech telling us the importance of sanitation. He also honored the sweepers of the institution for their noble job. In the end we all took oath of keeping our home, locality and city clean. It was a unique experience for all of us. We were curious to be the part of this great drive that could have transformed the face of our country forever.

The Supreme Court defined ragging in the Vishwa Jagriti matter (1999) as, "Any disorderly conduct whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness any other student, indulging in rowdy or undisciplined activities which causes or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student or asking the students to do any act or perform something which such student will not in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or a junior student."
