Dear Tanmay,

Congratulations! The Department of Pharmacology and Toxicology in the Jacobs School of Medicine and Biomedical Sciences at the University at Buffalo is pleased to offer you admission into the Master's Program for fall 2025. We are excited at the prospect of having you join our incoming class.

This program is designed to provide an understanding of basic pharmacology and toxicology, along with an individualized program of original research. We will be sending additional information regarding orientation and registration over the summer, but we encourage you to visit our website at <http://medicine.buffalo.edu/departments/pharmtox/faculty.html> to learn more about our faculty and their research interests. In early September, after your enrollment in the program, Master's students will be matched to faculty labs based on student and faculty research interests. Please note that the department does not provide stipend or tuition support for Master's students.

This offer of admission is provisional pending final approval by the Office of International Admissions. You will be required to submit official, final documents upon arrival on campus. A detailed checklist of required documents will be mailed to you with your Certificate of Visa Eligibility (I-20). For further information on international admissions, you may wish to contact the International Student Services Office at (716) 645-2258 or iss@buffalo.edu, or visit their website at <http://www.buffalo.edu/international-student-services.html>.

To respond to our offer of admission, please log into your Slate application portal and submit the "Reply to Offer of Admission" form on the checklist. We would appreciate your response as soon as possible but no later than April 15, 2025. If you have any questions or concerns, please contact me, Director of Graduate Studies, Dr. Caroline Bass at cebass@buffalo.edu, or our Graduate Admissions Coordinator, Martin Pugliese at martinpu@buffalo.edu.

Thank you, and congratulations!

Caroline Bass, Ph.D.
