### 6.1.1. The governance of the institution is reflective of and in tune with the vision and mission of the institution

Indore Institute of Pharmacy (IIP) was founded in 2004 with the aim of providing value driven education and cultivating ethical pharmacists for this esteemed profession. IIP has received NAAC 'A' accreditation. It is approved by PCI & AICTE and holds ISO 9001-2000 certificate. IIP has also received Quality Management certificate ISO 9001:2015 and Environment Management System Std ISO 14001:2015.

IIP provides programs in M. Pharm (Fields of Pharmaceutics & Quality Assurance); Pharm.D, B. Pharm and D.Pharm.

#### Vision of the Institute:

*" To produce competent pharmacy professionals and value-based future leaders by offering quality education that incorporates training in Holistic Work-Life Management."*

1. Competent Pharmacy Professions- IIP offers a multidisciplinary approach through Pharmacy courses supported by industry-required Skill Improvement Groups, ensuring that students align with the syllabus and gain additional skills during their studies, which promotes skill development and opens doors to excellent placements and entrepreneurial prospects.

The primary objective of IIP is to improve the Employability Quotient of Students while promoting Holistic Development. To support this IIP, there are dedicated Special Interest Groups / Skill Improvement Groups focusing on emerging technologies such as *Clinical research/Pharmacovigilance, Basics in GLP and safety measures, Tableting technology, MS-Excel, Herbal drug technology, Manufacturing and quality practices*, etc. with the aim of concentrating on skill development for the students to prepare them for the industry. These SIGs also provide students with valuable exposure to potential career paths (Industry/Clinical Research). Additionally, the training offers an opportunity to commence activities or research in the developing areas. IIP also delivers industry-ready skills by establishing MOUs with various demand-driven platforms such as **Choithram Hospital and Research Centre, Prototyperz, SAMKEM, Clinical Orbit Healthcare Solution, and Catalyst Clinical Research Pvt Ltd**, among others. To foster a technical ecosystem, IIP has organized numerous

numerous technical events and encourages students to engage in national and international seminars and conferences to demonstrate their technical abilities.

### **1. Value-Based Future Leader-**

IIP pledges to develop skilled professionals who can significantly contribute to society by offering healthcare solutions and services, while advancing the Pharmaceutical Industry and Research.

*IIP highlights the importance of pharmacists and their contributions to society. IIP dedicates itself to instill compassionate values in students to honor themselves and their environment. Students organize and carry out different activities in our adopted Village under the IIC and NSS Banner, aimed at raising awareness about health and hygiene, educating the girl child, Swachh Bharat, and more. These activities help develop important skills such as leadership, teamwork, and team building among the students. The faculties guide the students in selecting topics for poster presentations at national conferences and seminars. The students engage in workshops, conferences, and guest lectures. This establishes a solid base and offers insight into the latest advancements in the pharmaceutical sector.*

IIP provides project-based learning through field work and survey-based projects.

### **2. Holistic Work-Life Management-**

*The intrinsic philosophy of the institute— “Samagra Samutkarsh” is crucial in helping students recognize their Intelligence-Emotional-Social-Spiritual-Happiness Quotients and encourages them to explore their enhancement. This method helps these driven individuals stay grounded while pursuing their aspirations.*

IIP has entered into an MOU with Heartfulness Education Trust, through which workshops on Yoga and Meditation are organized for students and faculty. Numerous Green initiatives are launched under the Green Waves Club to promote nature conservation on campus and foster a sense of responsibility for Mother Nature among students and staff. An ecosystem has been designed so that the biofertilizers (cow dung, cow urine) are sourced internally, organic farming takes place on campus, and organic products are used by staff and students.

**Summary:**

Event started at around 12:00 Noon. Followed by that a short video was played. Then Principal gave brief about USP's, Merit Scholarship, Career Options, Proposed Initiatives, Chief Admin Officer gave brief about Security, Canteen, House Keeping, Bus and Hostel Facility, Prof. A.S.Kittar gave brief about placements. Followed by that there was Quick Institutional Visit of Students. After that they were directed to all in Auditorium I. Formal welcome of chief guest was done. Then MC requested DG for motivational speech and will brief about Clubs and Holistic Development. Followed by DG speech, Chief Guest addressed the gathering. Then felicitation of Meritorious Students was done by Chief Guest. Then students were directed to Cricket Ground for inauguration of "Green Waves" Club & Plantation of Trees. The main objective of establishing Green Wave Club is to learn the art of living a sustainable or sustainable life. This club is not just an extra-curricular activity but an important part of the principle system developed by IIST Group to spread awareness to IIST, DMR and IIP college campuses as well as to the entire world. Use of many harmful substances like rubber, polythene, cardboard, paper towels, plastic containers, plastic bottles, gloves etc. make our modern lifestyle convenient. All these substances do not mix in the earth, make it more polluted, and give rise to worrying problems like global warming. The purpose of humanity is to keep the earth habitable for the coming generations, but if we keep cutting trees and polluting the environment then surely one day our earth will not be habitable. Keeping in view all these problems "Green Wave Club" has been organized. The most special thing about this unique initiative being taken by IIST is that its aim is to rise above bookish knowledge, change our habits, protect our mother earth, and save

**Inauguration activity of Green wave club under Green wave movement**

The institute encourages ongoing involvement of faculty, students, and staff with the local community for their overall growth and continuous community enhancement. IIP urges students to engage with nearby communities to discover opportunities for participation in social work, which aids in building interpersonal connections, cultivating leadership traits, honing organizing abilities, comprehending the lives of disadvantaged individuals, assisting those in need, and instilling moral and humanitarian values in students. The organization boasts an engaged NSS unit that undertakes initiatives such as maintaining the Institute's cleanliness and greenery, providing community service by raising awareness through educating individuals on literacy and hygiene, planting trees, promoting soil conservation, organizing blood donation drives, and similar activities. The students experience a sense of duty and think that they ought to repay society and the environment for what they have taken.

### Mission

1. To provide quality education and training to a budding pharmacist who can withstand a transforming healthcare system.
2. To bridge the gap between academia and creative professionals for industry 4.2 or 5.0.
3. Honing the students' future with the approach to creating emotional quotient with intelligence quotient for holistic development with the aim of Know thyself and be thyself willing to evolve.

The mission statement clearly outlines society's requirements, specifically advanced technology and the comprehensive growth of individuals to achieve the institution's vision.

Engagement with Academia and Industry for Joint Projects / Startup.

IIP is enhancing and fortifying the innovation and entrepreneurial environment on campus and will play a key role in harnessing the capabilities of science, students' creative problem-solving skills, and entrepreneurial mindset, while fostering robust intra- and inter-institutional collaborations with various stakeholders. For this, we have:

The Institute Innovation Council (IIC) was founded in the year 2020-21 in collaboration with the Ministry of Education, Government of India (from the year 2020-21 onwards). The main goal of MoE's Innovation Cell (MIC) is to motivate, inspire, and cultivate young students by assisting them in developing new ideas and turning them into prototypes during their formative years.

IIP received establishment certificates from the Innovation Cell, Ministry of Education, Government of India, to encourage Innovation and Start-ups on campus for the IIC calendar year 2020-21.

### Strategic Plan

The institute's Strategic Plan was created in 2023 for a period of 5 years. Vision, Mission, policies, and plans are accessible to all stakeholders for their input. The management's participatory role promotes engagement from everyone, guaranteeing efficient governance.

The primary goal of the strategic plan was to improve the employability quotient of the students through holistic development. To achieve this goal, the institute has launched Special Interest Groups/Skill Development Groups, implemented project-based learning, increased MoUs and partnerships, introduced certificate courses, initiated student engagement programs, fostered a startup ecosystem, developed school connectivity initiatives, and conducted workshops on Yoga and Meditation, among other initiatives.

### E-governance

**E-governance is integrated into sectors like administration, student enrollment and assistance, library services, and examinations.**

A cloud-based ERP solution known as CCMS - Centralised Campus Management System was acquired from MasterSoft ERP Solutions Pvt. Ltd. This software has been integrated into the operations of the institute.

The Institute utilizes an eFeedback system to assess and gauge teaching and learning methods. Input from students and parents has been handled. Students' complaints are presented in the relevant committees and addressed through appropriate actions. The Administration has provided Suggestion Boxes for students to voice their complaints without revealing their identities.

### **Decentralized and Participatory Governance**

The Institute promotes governance that is decentralized and participatory. It highlights joint management by including all its stakeholders. The Management utilizes the skills of the staff in managing diverse administrative duties and designates them as officials, which consist of General Manager (Finance & Account), Registrar, Chief Administrative Officer, Chief Marketing Officer, Director of Placement, Director of CDC, Dean of Sports, Head of R&D Cell, Head of the Incubation Center, AEC/IQAC Coordinator, Superintendent of Examinations, Heads of several Departments, and Coordinator for various clubs and committees. Educators hold a vital position in executing the Institute's vision and mission and consequently take an active role in the decision-making process. Department Heads possess significant administrative, financial, and academic independence in managing their respective units. Students also engage in the governance of the Institution by means of effective representation via different clubs. The Student representative serves as a link between the administration and the students in both curricular and extracurricular activities with a sense of responsibility. This hierarchical arrangement ensures the delegation of authority and distribution of tasks for the efficient operation of the Institute.

**Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during this year.**

The institution has proactively organized a range of extension activities in the neighborhood community to promote social responsibility, holistic development of students, and address societal issues. These activities aim to sensitize students to real-world challenges while fostering empathy, leadership, and civic consciousness.

During this year, several impactful initiatives were undertaken, including *health camps, environmental drives, literacy programs, and social awareness campaigns*. Health camps provided free medical checkups, promoting preventive healthcare, and awareness on hygiene, nutrition, and wellness. Students actively participated in *national nutrition day, world cancer day* etc.

Environmental sustainability was prioritized through *tree plantation drives, cleanliness campaigns* under *Swachh Bharat Abhiyan*, and *awareness sessions* on earth day, world population day, national energy conservation day etc. These initiatives aimed to foster environmental consciousness among students and the community.

Awareness sessions on *gender sensitization* and *women empowerment* were also carried out to address critical social issues.

Overall, these initiatives created a significant impact on the community while contributing to the holistic development of students, aligning with the institution's commitment to community engagement and societal progress.

IIP celebrated World Red Cross Day on 08/05/24 under Society for creative club. The activity was organized under the Innovation and Incubation Center (IIC) platform. The primary objective of the event was to celebrate uniqueness, unity, the spirit of humanitarianism and to recognize the individuals who make a difference in their communities.

The day was dedicated to those suffering from natural disasters, armed conflicts, and other crises. It also serves as an opportunity to highlight the humanitarian values upheld by the Red Cross and Red Crescent Movement.

On this day Rangoli Completion was organized to celebrate the values, unity and uniqueness in the society. The event gave the message that rangolis have many colours in it; likewise society is full of different people and thoughts. The participants were invited to present their thoughts in the form of colourful rangolis. As different colours make beautiful rangoli, different cultures make a beautiful society.

We spoke with a few of the students who attended the event. They were given handouts that explained the need of maintaining regular hygiene. Children sang out poems about healthy practices after engaging in ordinary conversation. They participated in a questionnaire and were questioned about their everyday activities to encourage leading healthy lives.

We held a briefing with them because March 24th is recognized as World's TB Day which aims to increase public awareness of the severe health, social, and economic effects of tuberculosis (TB) and to intensify efforts to stop the global TB epidemic.

We gave them advice on early signs of tuberculosis, treatments, and safety measures to take.

Finally, thank you to everyone who has supported us for this event.

Participants were invited to create short videos addressing different aspects of cancer awareness, such as prevention, early detection, and treatment. Videos were required to be concise, engaging, and informative with the duration of 1-2 minutes. They were encouraged to promote their videos on their personal social media profiles to reach a wider audience. Hashtags such as #WorldCancerDay, #CancerAwareness, and #ShortVideoCompetition were used to enhance visibility and encourage interaction. The number of likes were counted on 6/2/24 at 2:00pm.

Awards were presented to participants whose videos received the highest number of likes, and positive engagement on social media platforms. All the participants were awarded participation certificates for their efforts. The competition generated significant engagement on social media, with a large number of views, likes, comments, and shares for the submitted videos.

Participants demonstrated creativity and enthusiasm in conveying important messages about cancer awareness through their videos. Increased awareness about cancer-related issues among viewers, leading to a positive impact on public perception and understanding of the disease.

Recognition and appreciation of participant's contributions through awards and acknowledgment during the award ceremony. The event not only showcased the talent and creativity of participants but also underscored the institute's commitment to promoting health education and community engagement. Moving forward, similar initiatives can continue to harness the power of digital media to address pressing public health issues and foster positive social change.

### Report on Plantation Drive at Dhanwantary Garden

*Noted  
Subho*

Date: 05h June 2024

Organized by: Indore Institute of Pharmacy, Indore

On 05h June 2024 (World Environment Day) a very auspicious tree plantation programme was organized in our institute to create awareness regarding climate change and its adverse effect on us. Tree plantation drive was organized to demonstrate the students their commitment towards environmental conservation. Students were divided in the group of 10 students and around 10 trees are planted.

Every year plantation drive is organized, and students are instructed to plant a sapling and take care of that sapling till their tenure in the Institute. He / She can cherish this memory even after leaving the institute. IIP has a lush green campus where a variety of trees are planted like Silver oak, variety of fruit Plants, ornamental plants which not only add aesthetic value to the campus but also prevents soil erosion. This has also led to conserving biodiversity and new species of birds are seen in the campus. The varieties are chosen meticulously according to the scientific value of a particular plant and then healthy saplings are procured from forests and nurseries.

## Report on Cleanliness Drive in Village Kalakund and Gunjara

Date: 10th February 2024

Organized by:

Indore Institute of Pharmacy, Indore

On 10th February 2024, a dedicated cleanliness drive was conducted in the villages of Kalakund and Gunjara by the M.Pharm students, faculty, and staff of Indore Institute of Pharmacy, Indore. The initiative aimed to improve sanitation, spread awareness about cleanliness, and engage the local community in sustainable waste management practices. The objective of the cleanliness drive was to Improve Sanitation: Clean public spaces, streets, and community facilities, Raise Awareness: Educate villagers on the significance of cleanliness and hygiene. Encourage Sustainable Practices: Promote waste segregation and responsible disposal. Students of M.Pharm 2<sup>nd</sup> year, faculty and staff of Indore Institute of Pharmacy participated in the drive. As outcome it was noted that a noticeable reduction in litter and waste in public areas, increased awareness among villagers about cleanliness and hygiene, and enhanced community involvement in cleanliness efforts. This would lead to establishment of regular waste collection and segregation practices, improved management of organic waste through composting, and better public health due to improved sanitation.

The cleanliness drive in Kalakund and Gunjara on 10th February 2024, organized by the M.Pharm students, faculty, and staff of Indore Institute of Pharmacy, was a resounding success. The drive not only enhanced the sanitary conditions of the villages but also fostered a sense of communal responsibility towards maintaining a clean and healthy environment. The initiative set a precedent for future cleanliness efforts and contributed to the overall well-being of the local community.

The event came to an end by a lunch in beautiful garden in village Kalakund near the Choral River.

We express our sincere gratitude to the local Panchayat, and the Indore Institute of Pharmacy's students, faculty, and staff for their unwavering support and active participation in this essential endeavor. We would like to than Shri Arun S Bhatnagar Sir, Group Advisor SEWS and SPARSH, and Dr. Nimita Manocha Principal, Indore Institute of Pharmacy to motivate all for conduction of such events.

#### Summary:

Event started at around 12:00 Noon. Followed by that a short video was played. Then Principal gave brief about USPs, Merit Scholarship, Career Options, Proposed Initiatives, Chief Admin Officer gave brief about Security, Canteen, House Keeping, Bus and Hostel Facility, Prof. A.S.Kumar gave brief about placements. Followed by that there was Quick Institutional Visit of Students. After that they were directed to sit in Auditorium I. Plural welcome of chief guest was done. Then MC requested DG for motivational speech and will brief about Clubs and Holistic Development. Followed by DG speech, Chief Guest addressed the gathering. Then felicitation of Meritorious Students was done by Chief Guest. Then students were directed to Cricket Ground for inauguration of "Green Waves" Club & Plantation of Trees. The main objective of establishing Green Wave Club is to learn the art of living a sustainable or sustainable life. This club is not just an extra-curricular activity but an important part of the principle system developed by IIST Group to spread awareness to IIST, IIMR and IIP college campuses as well as to the entire world. Use of many harmful substances like rubber, polythene, cardboard, paper towels, plastic containers, plastic bottles, gloves etc, make our modern lifestyle convenient. All these substances do not mix in the earth, make it more polluted, and give rise to worrying problems like global warming. The purpose of humanity is to keep the earth habitable for the coming generations, but if we keep cutting trees and polluting the environment then surely one day our earth will not be habitable. Keeping in view all these problems "Green Wave Club" has been organized. The most special thing about this unique initiative being taken by IIST is that its aim is to rise above bookish knowledge, change our habits, protect our mother earth, and save

## COMPANY PROFILE

**Ipca:** A consumer-led global pharmaceutical company, creating healthy doses of life since 1949. When you operate in an industry like pharmaceuticals, your work goes way beyond creating 'products for customers'. It is different from any other domain – there lies a higher sense of responsibility and a need for utmost integrity in everything you do. As you serve millions of lives, high quality standards become a pre-requisite, and safety of your people and consumers always comes first. All this, while ensuring that each life you touch is treated with respect and dignity. This is how Ipca works. For more than 60 years, Ipca has been a crucial healthcare partner in over 120 countries across the 6 continents. We are a fully-integrated pharmaceutical company that manufactures over 350 formulations and 80 APIs for various therapeutic segments. Today, Ipca is one of the world's largest manufacturers and suppliers of over a dozen APIs. These are produced from scratch at fully-automated manufacturing facilities, approved by the world's most discerning drug regulatory authorities like UK-MHRA, EDQM-Europe, and WHO-Geneva, among others.

### Taking the industry forward

- One of the largest suppliers of these APIs worldwide with manufacturing leadership in over 12 APIs globally
- 15 APIs & 11 Formulations manufacturing facility across the globe
- Leading brands in Pain, Rheumatology, Antimalarials and Hair care therapy in India
- 5 formulations rank amongst the top 300 brands of Indian Pharmaceutical Market as per IQVIA October 2023

## COMPANY PROFILE

Lupin's manufacturing philosophy is simple yet strategic — we consider the needs and priorities of our key stakeholders to provide maximum impact. We are focused on innovation, and the development of safe, effective life-saving drugs for our patients. We encourage lean manufacturing and work towards eliminating inefficiencies. We facilitate teamwork and problem solving, attracting and retaining a diverse workforce. Our manufacturing footprint — 15 world-class facilities spread across India, the U.S., Brazil and Mexico — are designed to deliver the promise of caring that Lupin has come to symbolise — that no patient shall be denied access to high-quality, affordable medicines. We hold ourselves to the highest ethical standards, investing in technology, automation and modern systems to minimise human error, maintain quality and enhance profitability. The focus on manufacturing excellence allows us to maintain our pre-eminence as a leader in formulations and APIs. It has helped us achieve best-in-class standards in both manufacturing and quality operations.

## CAREER DEVELOPMENT CELL (CDC)

The Career Development Cell (CDC) at Indore Institute of Pharmacy is constituted for enhancing the employability quotient of the students by grooming them for soft skills, aptitude and English communication.

### PERSONALITY GROOMING

Career development cell provides communication classes to all students from entry level in all programs of Pharmacy. Personality grooming is defined as a process of developing and enhancing one's personality in gaining confidence and high self-esteem. No two individuals are similar. Personality is nothing but the aggregate conglomeration of memories and incidents in an individual's entire life span. Environmental factors, family background, financial conditions, genetic factors, situations and circumstances also contribute to an individual's personality.

CDC cell is provided with dedicated classes during regular academic session along with crash course on a variety of allied areas including Expert lectures on grooming from time to time and sessions according to the time table. The students learn to improve on their Speaking skills, Reasoning, Group Discussions, Interview skills, Verbal Ability and crack Mock Tests in the course of time.

### APTITUDE TRAINING

CDC provides quantitative aptitude classes for all prefinal year students aspiring for good careers as well as those opting for higher studies including Government exams. As aptitude tests are considered to be the measure of general intelligence and majority of companies, institutions use aptitude tests as their selection criteria, therefore job-seekers especially freshers must be well-versed with concepts related to aptitude. Most of the jobs in the

Principal  
Indore Institute of Pharmacy,  
INDORE (M.P.)

corporate world require employees to expand their skill set through additional training.

Aptitude tells about the mental ability and analytical skills of individuals.

At the institute the students are trained in the following areas of Quantitative Aptitude Skills;

- Reasoning; Logical Reasoning, Reading Comprehension and speaking skills.

### CAREER COUNSELING

The objective of Career Counselling is to coach and tutor the students with respect to the different profession decisions available to them, as per their inclinations and qualities. This counselling helps students in making a roadmap of their career according to their choice to be successful.

### INDEPENDENT AUDITOR'S REPORT

#### Report on the Financial Statements

1. We have audited the Financial Statements of M/s. **Indore Institute of Pharmacy** ("the Institute"), which comprise the Balance Sheet as on 31st March, 2024, the Statement of Income and Expenditure for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements: -

2. The Institute's Management is responsible with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position and financial performance in accordance with accounting principles generally accepted in India, including the Accounting Standards issued by the Institute of Chartered Accountants of India. This responsibility also includes maintenance of adequate accounting records for safeguarding the assets of the Institute and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

3. Our responsibility is to express an opinion on financial statements based on our audit. We have taken into account the accounting and auditing standards and matters which are required to be included in the audit report under provisions of various Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified by The Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

For Indore Institute of Pharmacy

4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments; the auditor considers internal control relevant to the Institute's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Institute has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

6. In our opinion and to the best of our information and according to the Explanation given to us, the aforesaid stand alone financial statements give the information in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Institute as on 31st March, 2024, and its surplus/(deficit) for the year ended on that date.
7. We further report that:
- (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - (b) In our opinion proper books of account as required by law have been kept by the Institute so far as appears from our examination of those books;
  - (c) The Balance Sheet, the Statement of Income and Expenditure dealt with by this Report are in agreement with the books of account;

SIGNIFICANT ACCOUNTING POLICY AND NOTES TO THE ACCOUNTS

1. Accounting Assumptions

The Accounts of the Institute are prepared under the historical cost convention with applicable accounting standards using the mercantile method of accounting unless stated otherwise here in after.

2. Revenue Recognition

Fees from students are accounted on accrual basis after taking into consideration of all scholarships given in accordance with AS-9. Revenue is recognised only when it is reliably measurable and reasonably certain that the ultimate collection will be made.

Tuition Fees

Tuition fees are recognized over period of time towards the academic session of a particular semester. Any fees received in advance for next accounting year is not recognized as income for the year in which it is received, but shown as a liability in the balance sheet of the college. Such fees are recognized as income in the Income and expenditure account of the next accounting year to which it relates. Similarly, fees relating to the current year, if any, due from the students at the end of the accounting year is Income of that year.

One time charges

Colleges normally receive one time charge, i.e., the charges which are paid only once during the tenure of the studentship in the college. These charges are usually in the form of fees for admission to college, registration fees, etc. and are generally non refundable. Such charges are recognised as income when received.

Periodic charges

In addition to tuition fees and fees for pursuit of other curriculum activities and one-time charges, colleges also receive some other non-refundable charges from the students on periodic basis, for example, magazine/newspaper charges and other annual charges received from the students at the beginning of each academic year. Such charges are recognized as income on a time proportion basis over the relevant period.

Caution Money

At the time of admission of a student to a college, caution money is also received which is refundable to the student at the time the student leaves the college. Caution money is of the nature of deposit and, therefore is not considered as income. It is shown as a liability in the balance sheet of the college. The caution money is recognized as income only when a student waives his right to receive the caution money or it is forfeited by the college as per the rules or a

student does not claim the caution money after becoming entitled to receive the same within the period during which refund can be claimed as per the policy of the college.

**Hostel fees**

Hostel fees is the fees charged for boarding and lodging from the student who avail the hostel facility. Revenue from such fees is recognized on time proportion basis over the period for which the fee is received. Revenue from mess charges received from the student living in the hostel is recognized on a time proportion basis over the period for which charges have been received.

**Amount received from Board for payment to Exam Invigilators**

College receives amounts from the Education boards for payment to the invigilators for conducting board examinations. The amount received from the board is recognized as income and the amount paid/payable to the invigilators is shown as an expense in the income and expenditure account.

**3. Donations**

Donation received towards Corpus fund of the Institute is directly taken to balance Sheet under the head Corpus fund and general donations are credited to Income and Expenditure Account.

**4. Fixed assets**

Fixed assets are stated as per written down value method including attributable interest and financial cost till such assets are ready for its intended use, less specific grants received.

**5. Capital work in progress**

Capital expenditure for building & site developments has been accounted under the head "building under construction" and transfer to respective assets on completion.

**6. Depreciation**

Depreciation on fixed assets is provided on written down value (WDV) method at the rates provided under the provisions of Income Tax Act, 1961. Previously the depreciation was charged as per Annexure I of Fixed Assets Schedule issued by Admission and Fee Regulatory Committee framed under Madhya Pradesh Niji Vyavasayik Shikshan Sansthan Adhiniyam 2007. The change in depreciation policy has resulted into excess depreciation of Rs 88,17,269/- for the current year and consequently total deficit for the current year have increased by Rs. 88,17,269/-

**7. Apportionment of common expenses**

Common expenses incurred by the society for the various educational institutions are distributed to the institution on basis of gross fee income of the respective institutions.

8. Provision and contingences

Provisions are determined based on best estimates of the amount required to settle the obligation at the balance sheet date. Contingent assets are neither recognized nor disclosed in the financial statements. The institute does not recognize a contingent liability but disclose its existence in the financial statement.

9. Employee Benefits

The Institute has not provided for the gratuity liability in accordance with AS 15- Employee Benefits as issued by the Institute of Chartered Accountants of India. However, a provision @4.81% of Basic salary plus Dearness Allowance and Grade pay is provided towards gratuity in the books of accounts. No actuarial valuation is obtained to ascertain provision for gratuity for the year.

10. There is no contingent liability as on balance sheet date.
