Gender Equity Policy

17/08/2017

The advancement of women and the achievement of equality between women and men are matters of human rights and conditions for social justice and should not be seen in isolation as a women's issue. Empowered women are the only way to build a sustainable, just, and developed society.

Empowerment of women and gender equity are prerequisites for achieving political, social, economic, cultural, and environmental security in any society, wherein an educational institution plays a pivotal role.

Gender equity is the process of being fair to women and men. Gender equality means that women and men enjoy the same status. Gender equality means that women and men have equal conditions for realizing their full human rights and potential to contribute to national, political, economic, social and cultural development, and to benefit from the results.

In line Indore Institute of Pharmacy has formulated gender equality policy to support the achievement of equality between women and men by providing equal opportunity to both the gender. The institute proposed a vision of as "Offering equal opportunity for everyone in the campus, where there is no discrimination on the basis of gender in offering opportunities, in the allocation of resources and benefits or in access to educational services."

The institute has formed a committee to overlook the dissemination of these principals which has following composition

1. Chairman - Principal
2. Member Secretary - Professor & Equivalent
3. Faculty Members - 2 (One male and one female - Assistant Prof. & above)
4. External Member - Eminent socialist

Conception:

Women's Equality Day is celebrated on August 26 to commemorate the 1920 adoption of the 19th Amendment, which granted some women the right to vote. However, it also recognizes ongoing gender disparities and the continued effort to advocate for the rights and privileges for all people regardless of sex, race, religion or socioeconomic status.

Objective:

Women's Equality Day gives an opportunity to reflect on the continuing struggle for equality in the workplace and the role of women in our public life. Women in public service and government have long served this nation by working to clear barriers, enforce laws, implement new ideas, and change people's attitudes. Today we are reminded we all have the opportunity and the responsibility to create a society that gives both men and women equal voice.

Details of the Programme: Like the intricate patterns of a rangoli, the students of INDORE INSTITUTE OF PHARMACY weaven a platform where women's equity takes center stage and students presented their thoughts through their creativity in form of rangoli on the Occasion of WOMENS EQUALITY DAY. Each vibrant color represented the diverse strengths and talents on the theme EMBRACE EQUITY. Almost 37 students from different years have participated and contributed by making this event a great success. Time limit was 1 hour. Judges for the competition was Dr. Parimeeta Chanchani, Professor, IIST and Dr. Namrata Kaushal, Associate Professor, IIST observed each and every rangoli carefully and evaluation is done on creativity, idea and theme. Gender should never define the limits of ambition and IIP students successfully proven this thought. Lifting women up doesn't bring men down, it creates a more harmonious and balanced world for all and with equal participation from both male and female candidates depicted equity for unity as well. The event is coordinated by Ms. Saloni Yadav as faculty coordinator and Sumit Naroliya, Prabhleen Kaur as student's coordinator.
