A Report on Gandhi Jayanti

Indore Institute of Pharmacy, Indore organized Cleanliness Drive under Swachh Bharat Swasth Bharat Abhiyaan Programme on the occasion of Gandhi Jayanti. The main purpose of this programme was to create awareness among the students regarding Cleanliness and its benefits. Under this programme, all the students had to participate. Even teachers were the essential part of this drive. As a part of this Cleanliness Drive, we had to clean the whole campus. The sweepers of the institution had to be the observers. Our Principal started the programme by cleaning the corners of the playground. Then the teachers and students followed suit. Some of us picked brooms and started our job. Some of the students did the dusting of the rooms and others went to the playground and started picking wrappers lying scattered there. After collecting them they threw them in to the dustbins. After doing this job for two to three hours, we all assembled in the seminar hall. There we were given refreshment.

Thereafter our Principal delivered the speech telling us the importance of sanitation. He also honored the sweepers of the institution for their noble job. In the end we all took oath of keeping our home, locality and city clean. It was a unique experience for all of us. We were curious to be the part of this great drive that could have transformed the face of our country forever.

We spoke with a few of the students who attended the event. They were given handouts that explained the need of maintaining regular hygiene. Children sang out poems about healthy practices after engaging in ordinary conversation. They participated in a questionnaire and were questioned about their everyday activities to encourage leading healthy lives.

We held a briefing with them because March 24th is recognized as World's TB Day, which aims to increase public awareness of the severe health, social, and economic effects of tuberculosis (TB) and to intensify efforts to stop the global TB epidemic.

We gave them advice on early signs of tuberculosis, treatments, and safety measures to take.

Finally, thank you to everyone who has supported us for this event.

We spoke with a few of the students who attended the event. They were given handouts that explained the need of maintaining regular hygiene. Children sang out poems about healthy practices after engaging in ordinary conversation. They participated in a questionnaire and were questioned about their everyday activities to encourage leading healthy lives.

We held a briefing with them because March 24th is recognized as World's TB Day, which aims to increase public awareness of the severe health, social, and economic effects of tuberculosis (TB) and to intensify efforts to stop the global TB epidemic.

We gave them advice on early signs of tuberculosis, treatments, and safety measures to take.

Finally, thank you to everyone who has supported us for this event.
