Shodhganga Membership

Shodhganga is an Open Access Repository of full-text thesis submitted to universities in India. Membership is not required to browse, view, search and download theses available in Shodhganga. However, INFLIBNET signs MoUs with universities to facilitate submission of electronic version of thesis into Shodhganga and synopses/approved research proposals into Shodhgangotri. Our university also signs MoUs with INFLIBNET Centre on Shodhganga and provides access to anti-plagiarism software. Colleges are not eligible for this benefit but as we are affiliated to RGPV university and our university sign MoUs with INFLIBNET. (Details are available at <http://shodhganga.inflibnet.ac.in>).

AVAILABILITY OF DATABASES REPOSITORY OF THE LIBRARY

National Digital library of India: - The National Digital Library of India (NDLI) is a virtual repository of learning resources that is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by the Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). The NDLI provides free access to many books in the Indian languages and English. Filtered and federated searching is employed to facilitate focused searching so that learners can find the right resource with the least effort and in minimum time. NDLI provides user group-specific services such as Examination Preparatory for School and College students and job aspirants. Services for Researchers and general learners are also provided. NDLI is designed to hold the content of any language and provides interface support for the 10 most widely used Indian languages. More than 60 types of learning resources are available - books, articles, manuscripts, video lectures, thesis, etc. Items are available in more than 400 languages. It is built to provide support for all academic levels including researchers and life-long learners, all disciplines, all popular forms of access devices, and differently abled learners. It is designed to enable people to learn and prepare from best practices from all over the world and to facilitate researchers to perform inter-linked exploration from multiple sources. It is developed, operated, and maintained by the Indian Institute of Technology Kharagpur.
