To achieve our vision, that states "To produce competent pharmacy professionals and value-based future leaders by offering quality education that incorporates training in Holistic Work-Life Management", we conduct NSS activities. Students involved in NSS activities contribute largely to the community's holistic development.

Various NSS activities are proposed by the faculty on relevant themes for the benefit of the society. Students of IIP, co-ordinate all the activities that display dedication, teamwork, and a desire to make positive changes. Their involvement in NSS activities, focus on improving their public-speaking skills as they effectively communicate and engage with the community. There are some events conducted or coordinate by IIP students during NSS:

#### **1. Awareness Campaigns:**

- Organizing sessions on important social issues (education, gender equality, and health) to inform the community
- Upgrading them about government schemes through interactive sessions

#### **2. Community Engagement:**

- Conducting interactive activities such as games, dance and question session to promote unity.
- Distributing gifts to create a sense of togetherness and celebration

#### **3. Rallies:**

- Initiating rallies or door-to door campaigns to spread awareness about social causes and government schemes.

#### **4. Health Camp:**

- Arranging health camps that offer medical check-ups (Blood Pressure, sugar, BMI).
- Consultations to promote well-being.

Students were not just participants, they took charge of organizing health camp, rallies, and awareness campaigns. In each of these occasions, students went beyond participation they exhibited leadership, empathy, and a keen sense of social responsibility, contributing significantly to the institution's ethos of holistic development.
