7.1.3 Describe the facilities in the institution for the management of degradable and non-degradable waste:

Solid waste management:

- Pollution from waste is aesthetically unpleasing and results in large amounts of litter in our communities which can cause health problems.
- Solid waste can be categorized into three types: biodegradable, non-biodegradable and hazardous waste.
- Bio-degradable wastes include food wastes, canteen waste, wastes from toilets etc. Non-biodegradable wastes include plastic, tins and glass bottles etc. Hazardous waste is waste that is likely to be a threat to health or the environment like cleaning chemicals, acids and laboratory chemicals.
- Each and every department of our institute as well as offices staff create some waste and dumped in small waste bin located in the department.
- In our building several dust bins are placed from where housekeeping staffs take the wastes. From the small bin wastes are dumped in big bin by the housekeeping staffs regularly. From the big waste bins the vehicles from **Rangwasa Gram Panchayat** took the solid wastes.
- Bio-degradable wastes are effectively converted to fertilizer at a very small scale in our laboratories by **composting technology** inside the campus and given a proposal to design and execute a small plant for producing organic fertilizer from garden waste and kitchen food waste.
- The use of fertilizers will provide an environmentally friendly, naturally sustainable, safe and affordable means for maintaining soil fertility and increasing crop production. After segregation of biodegradable waste from canteens, residential quarters, Hostel and guest houses are collected and dumped in the composting unit in the campus.
- Institute **discourages uses of plastic**; particularly single use plastics in campus.
- Institute also produces lot of paper waste. Paper wastes from Academics, Library, exam department, Administrative offices, Hostels, Guest Houses are disposed **through vendors**.
- The wastes are properly stacked in designated place and later disposed through vendors for **proper waste management**. We use single printed paper for stationary in office and other required work.

BIODEGRADABLE WASTE:

Conversion of Biodegradable waste in our Laboratory

- Biodegradable waste is converted to fertilizers in a small-scale lab in IIP. It involves processes such as composting or anaerobic digestion for breaking down organic materials into valuable product.

Procedure: Materials are collected, chopped into smaller pieces. They are packed in layers in the compost bin or pile alternating between green material (food scraps) and brown material shredded newspaper or dry leaves. It is kept moist and aerated. After few weeks, the compost is ready for use as fertilizer.

Liquid waste management:

- Liquid waste is generated from Science laboratories, Hostels, Residential quarters and canteen. Liquid wastes generated by the institute are of two types: 1. Sewage waste. 2. Laboratory, residential washing and canteen effluent. The liquid wastes are mainly drained to **improve the ground level of water.**

E-waste management

- Indore Institute of Pharmacy has very efficient mechanism to dispose E wastes generated from various sources.
- E-wastes are generated from computer laboratories, various Labs, Academic and Administrative Offices.
- The e-waste includes out of order equipment or obsolete items like lab instruments, circuits, desktops, laptops and accessories, printer, charging and network cables, Wi-fi devices, sound systems, display units, UPS, Biometric Machine, scientific instruments etc. All these wastes are put to optimal use.
- All such equipment's which cannot be reused or recycled is being disposed off and managed by **Unique Eco Recycle Company.**
- Instead of a new procurement Buy-Back option is preferred for technology up gradation.

Waste Recycling System:

- Degradable solid waste collected from cafeteria, Boys and Girls Hostels, Guest Houses, canteen and from Residential Quarters is dumped in the decomposing Unit to make some Organic fertilizer which is used for Gardening and agriculture.
- The waste produced in our canteen and lawns is disposed in **four decomposing pits** for the production of organic manure.

Hazardous Chemicals System:

- The hazardous chemicals used in laboratories are managed by our store department. Acids and other harmful chemicals are issued in control register by technician only. The used acid is drained in drainage system by **diluting in the ratio of 1: 10.**

IIST-IIP-IIMR

There is an requirement of properly disposing e-waste (Electronics and Electrical) of IIST-IIP-IIMR. This e-waste has to be handled by a state government and pollution control board authorised agency. This will be as per the green policy of the SEWS and the 3 institutes, IIST-IIP-IIMR.

M/s Unique Eco Recycle, Palda, Indore is an authorised agency certified by the above statutory bodies.

The agency has been associated with many industries, colleges and universities in Indore. IIST-IIP-IIMR has been in contact with Unique Eco Recycle for the past some time for awareness of e-waste management. A formal MOU is to be signed between them and Shall Group of Institutions, comprising IIST-IIP-IIMR.

A meeting with Dr. Fazal from Unique Eco was scheduled and done, with the undersigned representatives of IIST-IIP-IIMR, for further finalising the association.

After initial talks, MOU terms were discussed;

- The MOU will be of 3 Years duration.
- A verbal assurance was given by Dr Fazal for extending the MOU for 6 month, as a special provision.
- The MOU will be between SEWS (representing IIST-IIP-IIMR) and Unique Eco Recycle.
- The handling of the e-waste will be done under the guidance and supervision of Unique Eco Recycle.
- All the statutory norms of filing and record keeping will be done by IIST-IIP-IIMR, with the guidance of Unique Eco.
- Unique Eco Recycle will conduct various awareness programs for the stakeholders of SEWS for e waste management.
- The agreed cost of the Association and MOU (for 3 Years) is Rs 20,000/-.

The meeting was ended with the agreed points.

विषय :- बल्क कन्ज्यूमर द्वारा ई-अपशिष्ट (प्रबंधन) नियम, 2016 के क्रियान्वयन बाबत।
संदर्भ :- ई-अपशिष्ट (प्रबंधन) नियम, 2016

उपरोक्त विषयांतर्गत विदित हो की भारत सरकार, पर्यावरण, वन एवं जलवायु परिवर्तन मंत्रालय नई दिल्ली द्वारा अधिसूचना क्रमांक जीसआर 338(ई) दिनांक 23/03/2016 द्वारा ई-अपशिष्ट (प्रबंधन) नियम 2016 प्रकाशित किया गया हैं जो सम्पूर्ण भारत में दिनांक 1 अक्टूबर 2016 से प्रभावशील है।

कृपया नियम की कंडिका 3 (पी) एवं अनुसूची 1 का अवलोकन करें। नियम की कंडिका 9 के प्रावधान अनुसार आपकी इकाई/संस्था से निकलने वाले ई-अपशिष्ट (इलेक्ट्रॉनिक एवं इलेक्ट्रिकल वेस्ट) का फार्म-2 में रिकार्ड रखा जाना आवश्यक है तथा ई-वेस्ट निपटान का फार्म-3 में वार्षिक प्रतिवेदन (1 अप्रैल से 31 मार्च तक) संबंधित राज्य प्रदूषण नियंत्रण बोर्ड को प्रतिवर्ष 30 जून तक प्रस्तुत करना अनिवार्य है।

मध्य प्रदेश शासन, सूचना प्रौद्योगिकी विभाग ने दिनांक 08/08/2014 को पत्र क्रमांक एफ-02-01/2010/56 द्वारा इलेक्ट्रॉनिक वेस्ट (ई-वेस्ट) को सुरक्षित निवर्तन के संबंध में निर्देश जारी किये थे कि ई-वेस्ट को निविदा/नीलामी कर कबाड के रूप में बेच दिया जाता है जो कि नियम विरुद्ध है। ई-वेस्ट को मध्य प्रदेश प्रदूषण नियंत्रण बोर्ड द्वारा अधिकृत डिस्मेंटलर, रिसायकलर्स को ही दिया जावे। म.प्र. राज्य में अधिकृत रिसायकलर्स मेसर्स यूनिक ईको रिसायकल, प्लॉट नं 26, औद्योगिक क्षेत्र, पाल्दा, इन्दौर एवं डिस्मेंटलर मेसर्स मूनस्टॉर इंटरप्राइसेस प्रा. लि., प्लॉट नं 24/ए, सेक्टर-बी, सावेर रोड, इन्दौर है।

उपरोक्त नियम के उल्लंघन पाये जाने पर पर्यावरण (संरक्षण) अधिनियम 1986 की धारा 15 के प्रावधानों के तहत इसे दण्डनीय अपराध घोषित किया गया है जिसके अंतर्गत 5 वर्ष तक की कैद व एक लाख रुपये का जुर्माने का प्रावधान है।

अतः आपको निर्देशित किया जाता है की उपरोक्त के परिपेक्ष्य में ई-वेस्ट निष्पादन हेतु आवश्यक कार्यवाही करे एवं वर्ष 2021-22 के अंतराल में उत्पन्न ई-वेस्ट का विवरण (फार्म-3) में भरकर 15 दिवस के भीतर वार्षिक प्रतिवेदन इस कार्यालय में प्रस्तुत करें। प्राथमिकता के आधार पर कार्यवाही सुनिश्चित करें। अन्यथा नियमों के उल्लंघन पाये जाने पर प्रावधान अनुसार कार्यवाही सुनिश्चित की जावेगी।

STAKEHOLDER REGISTRATION FORM

Unique Eco Recycle is the first unit in M.P. which is authorized by pollution control Board to collect, storage, transport and processes of e-waste from anywhere in India. Unique Eco Recycle (UER) is committed to initiate a social responsible movement towards electronic waste.

Unique Eco Recycle (UER) procures e-waste materials and components on a regular basis from suppliers spread all over India.

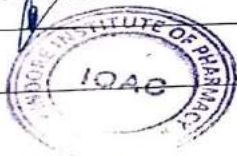

New suppliers and traders (only those who are sole/authorized representatives of OEMs), who would give UER competitive inputs, are now being added as venders to the list of existing suppliers. For an initial assessment and empanelment with UER, suppliers may get registered by submitting completed forms to contact person.

This vender Registration is available exclusive to venders who wish to take part in the e-procurement initiative. Upon evaluating your application, we shall get touch with you.

Advanced Dismantle Table

About Us

- Unique Eco Recycle is first and only integrated e-waste recycling plant in MP which is authorized by Govt.
- Highly efficient and environment friendly recycling with minimum landfill.
- Adopt 3 R (Reuse, Reduce, Recycle) policies for management of e-waste.
- Advanced data security and distraction system.
- High quality refurbished system for extended value
- our research and development team are working continuously to improve the process and archive the goal to protect the earth from harmful effect of e-waste.

What is E-Waste

This may be defined as all secondary electronic and electrical equipments are discarded by their original owner, Or those electronic or electrical equipments/ products that connect with power plug or batteries.

Principal
Indore Institute of Pharmacy,
INDORE (M.P.)

Our Services

- Inspection of material on customer's request.
- Safe Collection.
- Safe logistic services.
- Give appropriate sum of money to stack holders for their material.
- Data security services.
- E-waste recycling, refurbish, repair and reuse.
- Provide certificate for e-waste disposal to the stack holders.
- Organize work shop for awareness of e-waste.
- Give training for safe handling of e-waste.
- We trained informal sectors for safe e-waste handling & separation of e-waste.

Category of E-Waste Products
