IIP/ Notesheet.....

Date: 27/03/2023

To,
The Principal
IIP Indore,

Subject: - Regarding approval for SIG at IIP

Respected Sir,
With reference to the above cited subject, this is to inform that IIP is about to initiate SIG on Quality Management system (40 hrs Certification program) from 29th March 2023.

Objective of the SIG:

1. To update students with current ICH Q10 guidelines of pharmaceutical quality system as part of QMS/PQS.
2. To understand and develop practical approach along with documentary evidences as quality process held throughout product life cycle.
3. To develop risk based approach and its handling as part of product life cycle.
4. To understand the objectives to achieve product realisation.
5. To establish and maintain a state of control and facilitate continual improvement of a Pharmaceutical substance and product.

Outcomes of SIG:

1. It helps students to add on ICH Q10 guidelines based knowledge about QMS.
2. Understanding of basic work flow of QMS/ PQS.
3. Identification and implementation of QMS tools in an organization.
4. Students get knowledge about Pharmaceutical Quality System elements like CAPA and CCP.
5. It helps to identify risk and its management as well as mitigation.
6. It helps to identify criticality/severity related with product and process in pharmaceutical industry.
7. It helps to enhance quality management system for achieving long term as well as short term objectives.

I request you to kindly approve the permission for the SIG course.

SIG-Report
Session: Jan – June 23
QUALITY MANAGEMENT SYSTEM

For B Pharm third year students, a 40 hr certificate course, SIG, on Quality Management System was organised. SIG consists of various modules. The SIG was conducted to enhance the basic knowledge of student's accordance to QMS. It enhanced student's knowledge on ICH Q10 guidelines based knowledge about QMS, Understanding of basic work flow of QMS/ PQS, Identification and implementation of QMS tools in an organization, Students get knowledge about Pharmaceutical Quality System elements like CAPA and CCP, It helps to identify risk and its management as well as mitigation, It helps to identify criticality/severity related with product and process in pharmaceutical industry, It helps to enhance quality management system for achieving long term as well as short term objectives.

The SIG Module 1 was started on 29th March 2023 by Dr. Gurmeet Chhabra. He gave brief Introduction and Scope of ICH Q10 and Quality Management System or PQS to students explaining its purpose and importance in pharmaceutical industry. Module 2 and 6 were taken by Expert Dr. Sachin Bathma MD of AASRA, explaining Quality Policies, Quality Planning, Management Review, Continuous Improvement in PQS, Basic terminologies and its application in Pharmaceutical quality management system. Module 3 and 5 were taken by Ms. Anita Patidar, in which she explained Lifecycle Stage Goal of PQS Elements, Product Quality monitoring System, Change Management System and Management Review. Then Module 4 and 7 were taken by Ms. Shivangi Patidar, explaining about CAPA (Corrective and Preventive action), Practical based Case studies discussion and interaction and Product Quality monitoring System this benefitted the students to understand the concept thoroughly. The module is consisting of both theory and practical exposure to students.

The expert from industry was Dr. Sachin Bathma MD Axiom Analytical Service & Recruitment Agency. All industry and academic experts explained students about QMS and its implementation in industry and laboratories.

All modules helped students to understand the Identification and implementation of QMS tools in industry. Online assessment was taken from students. Students were benefitted by providing those certificates at the end of the SIG. Also feedback were taken by them to know their views and any suggestions from them. The SIG was successfully completed on 19th April 2023.

To,

The Director-General
IIST/IIP/IIMR, Indore,

Subject: - Regarding approval for SIG at IIP (Tableting Technology)

Respected Sir,

With reference to the above-cited subject, this is to inform you that IIP is about to initiate SIG on Tableting Technology (40 hrs certification program).

The objective of the SIG:

1. Practice all the related and practical aspects of dosage from development
2. Learn techniques used in tablet manufacturing.
3. Understand problems in Tablet manufacturing
4. Evaluate tablets as per Pharmacopoeia.
5. Understand all the specifications of instruments used in tableting technology.

The outcome of the SIG:

Upon completion of the course, the student shall be able to.

1. Explain tablets, formulation (selection of excipients and their role in formulation), and manufacturing of tablets
2. Quality control tests for tablets as per IP.
3. They can correlate theoretical knowledge with the professional and practical needs of the pharmaceutical industry

Principal
Indore Institute of Pharmacy,
INDORE (M.P.)

Total 112 students of B. Pharm 4th sem are interested in the above-said course.

I request you to kindly approve the permission for the SIG course.

Submitted for consideration.

SIG on Tableting Technology

Session 2022-2023

Report

To provide quality education in this competitive world of technology to the students' Pharmaceutics department, Indore Institute of Pharmacy, Indore has organized 40 hours of SIG on Tableting Technology for B. Pharm II-year students from 23rd February 2023.

The main objective of the SIG was the early introduction of the formulation and development of Tablets with industrial exposure. SIG was coordinated by Dr. Nadeem Farooqui, Ms. Nayany Sharma, and Ms. Parul Vaishnav.

The program was focused on giving students a clear view of formulation factors and methods to prepare tablets. Mr. Sachin Bathma M.D. in Axiom Analytical Service and Recruitment Agency, Indore was present as an expert from Industry.

He gave students hands-on training on tablet press and sophisticated instruments related to tablet IPQC. He also explained the problems and real-time challenges in Pharma Industry. He explained all the critical concepts and tooling required for the formulation of Tablets. The module is consisting of both theory and practical exposure for students. This benefitted the students to understand the concept thoroughly. The expert has enlightened students with his experience in the Pharmaceutical Industry.

We thank Shri Arun S Bhatnagar Sir, Director General, IIST-IIP-IIMR, and Dr. Dinesh Kumar Mishra, Principal IIP for continuous support, guidance, and motivation

SIG on

Analytical Instruments HPLC and other related Practices

1.	**Background** The Axiom Analytical Services and recruitment agency established its Axiom Analytical Training Program in 2021 at Rajendra Nagar, Indore. Currently, AASRA is running Industrial Vocational Training Courses and Pharmaceutical Analytical Skill Development Courses for M.Pharma, B. Pharma, M.Sc., B.Sc. Students as well as for working Professionals of Academic or Pharmaceutical Industries. AASRA has developed the advance Instrumental facilities to cater the need of Students, working professionals and Industries.
2.	**About Course** This SIG aims to equip participants with the skills required to handle and operate sophisticated analytical instruments like HPLC, which are imperative in the present industrial environment. The training provides a sound background of the basic principles of HPLC analysis, an understanding of the instrumentation involved and the opportunity to become familiar with practical Volumetric and weighing techniques.
3.	**Content** **Day-1 – Theory and practical** 1, Introduction to chromatography Meaning, History, Development and current scenario. 2, Importance of Volumetric Practices during Chromatographic analysis in Pharmaceutical Industries. 3, Units of concentration (PPM and % solutions and their preparation) 4, Understand Dilution to prepare Diluted Solution. 5, Volumetric Measurement with Pipetting and Volume makeup Practical exercise. **Day-2 – Theory and practical** 1, Verbal Evaluation of day first session. 2, Introduction of HPLC (Basic component / Parts / and types of HPLC) 3, Importance of weighing Practices during Chromatographic analysis in Pharmaceutical Industries. 4, Do's and Don'ts of Weighing practices.

ASSESSMENT PROCEDURE

This is a 30 hour course which will include classroom training, practice sessions, assignments based final exam. All the candidates who clear the final test will be provided with the certificate.

Assessment Topics:

Assessment questions are framed on the certain topics like:

1. Introduction to Chromatography and Dilution of various ppm solution
2. Introduction of HPLC and its types
3. Instrumentation of HPLC and Impurity Profile

Criteria for Getting Certificate: Minimum 75% attendance and successful submission of final test

SIG ON SOPHISACATED INSTRUMENT HANDLING EXPERTISE

SESSION 2022-2023

SIG REPORT

To impart quality education in the field of technology and advancements, Indore Institute of Pharmacy, has organized a 30 hours SIG on sophisticated instrument handling expertise for B.Pharm Final Year students from 12th Dec 2022 to 16th Dec 2022. SIG was conducted by Mr. Sachin Bathma M.D. in Axiom Analytical Service and Recruitment Agency, Indore as a resource person. He has briefed students about different chromatographic techniques specifically highlighting HPLC technique .The module is consisting of both theory and practical exposure to students. Hands-On training of HPLC has been provided to each student so as to get early exposure. This benefitted the students to understand the concept thoroughly. Expert has enlightened students with his experience in analytical skills in the Pharmaceutical Industry.

SIG Assessment Questions

Q:-1 What is HPLC Stand For?
Ans:- A, High Performance Liquid Chromatography.
B, High Parformance Liquid Chromatography
C, Hi Performance Liquid Chromatography
D, High Performance Liquid chromatography.

Q:-2 Physical method in which separation of components takes place between two phases-a stationary phase and a mobile phase is called?

Ans:- A, Liquid Chromatography.
B, High Performance Liquid Chromatography
C, Chromatography
D, Spectroscopy.

Q:-3 The substance on which adsorption of the analyte takes place is called?
Ans:- A, Liquid Phase.
B, Chromatography.
C, Stationary Phase
D, Mobile Phase.

Q:-4 Solvent which carries the analyte in chromatography is called?
Ans:- A, Liquid Phase.
B, Chromatography.
C, Stationary Phase
D, Mobile Phase.

Q:-5 HPLC is a type of?
Ans:- A, Liquid Chromatography.
B, Solid Chromatography.
C, Gas Chromatography
D, Column Chromatography.

Q:-6 The component which has more affinity towards the adsorbent, travels_____?
Ans:- A, Faster.
B, Slower
C, Medium.
D, Sooner.

Q:-7 **HPLC** is a _____ technique?
Ans:- A, Analytical.
B, Separation.
C, Identification.
D. Quantification.

Q:-8 Stationary phase is polar (hydrophilic) and mobile face is non-polar (hydrophobic) is called?
Ans:- A, Normal Phase
B, Reverse phase.
C, Liquid Phase.
D. Solid phase.

Q:-9 Polar-Polar bonds and Non Polar-Non Polar bonds have _____ affinity than Polar-Non Polar bonds?
Ans:- A, More.
B, Less.
C, Average.
D. Fast.

Q:-10 A separation in which the mobile phase composition remains constant throughout the procedure is termed as?
Ans:- A, Gradient mode.
B, Normal Mode.
C, Isocratic mode.
D. Reverse mode.

Q:-11 A separation in which the mobile phase composition is changed during the separation process is called?
Ans:- A, Gradient mode.
B, Normal Mode.
C, Isocratic mode.
D. Reverse mode.

Q:-12 Which of the following is not a part of HPLC instrument?
Ans:- A, Pump.
B, Column.
C, Injector.
D. Thermometer.

Q:-13 Which of the following is is protect the Analytical Column?
Ans:- A, Pump.
B, Column.
C, Injector.
D, Guard Column.

Q:-14 The mobile phase acts as a _____ to the sample solution?
Ans:- A, Supporter.
B, Carrier.
C, Courier.
D. Collector.

Q:-15 Which make HPLC instrument you have in your collage?
Ans:- A, Waters.
B, Agilent.
C, Shimadzu.
D. Shemaroo.

Q:-16 What two positions the HPLC injector have?
Ans:- A, Ready, Go.
B, Wait , Start.
C, Load , Inject.
D. Load , Fire.

Q:-17 The part of HPLC which can detect the individual molecules that elute from the column and convert the data into an electrical signal is called?
Ans:- A, Software.
B, Injector.
C, column.
D. Detector.

Q:-18 _____ Detectors are the most versatile, having the best sensitivity and linearity?
Ans:- A, RI.
B, PDA.
C, UV.
D. Fluorescence.

Q:-19 Which detector is called universal detector?
Ans:- A, RI.
B, PDA.
C, UV.
D. Fluorescence.

Q:-20 In C18 ,12.5cm x 4.0mm, 5µm ,12.5 is stand for?
Ans:- A, Column Hight.
B, Column ID.
C, Column Length.
D. Column Name.

Q:-21 What is the unit of Injection volume?
Ans:- A, Micro Meter.
B, Milli Liter.
C, Micro Sitter.
D. Micro Liter.

Q:-25 what is the acceptance Criteria for Column oven Temperature calibration?
Ans:- A, ±1°C.
B, ±3°C.
C, ±2°C.
D. ±0°C.

Q:-26 What is the preventive action if you found air bubble in mobile phase??
Ans:- A, Filter it.
B, Degas it.
C, Cool it.
D. Drain it.

Q:-27 Why Box type peak is observed during HPLC analysis?

Ans:- A, Detector Error.
B, Injector Problem.
C, High Sample concentration.
D. Column problem.

Q:-28 Peak Splitting observed due to?
Ans:- A, Detector life over.
B, Column Life Over.
C, Analyst Life over.
D. HPLC Life over.

Q:-29 Which of the following is not a application of HPLC?
Ans:- A, Shelf life determinations of pharmaceutical products.
B, Pharmaceutical quality counter.
C, Identification of counterfeit drug products.
D. Tablet dissolution of pharmaceutical dosages.

Q:-30 Which software used for the operation of HPLC in your collage ?
Ans:- A, LCsolvent.
B, LCsolvetion.
C, LCsolution.
D. LCsituation.

NOTE SHEET

IIP/ Notesheet.....

Date: 29/09/2022

To,
The Director General
IIP/IIST/IIMR Indore,

Subject: - Regarding approval for SIG at IIP

Respected Sir,
With reference to the above cited subject, this is to inform that IIP is about to initiate SIG on Good Laboratory Practices and Safety Measures (30 hrs Certification program) for B. Pharm III Sem from 10th October 2022.

Objective of the SIG:

1. To understand the concept and importance of Good Laboratory Practices in Pharmaceutical Industry.
2. To learn the practical aspect of working in Laboratories accordance to GLP.
3. To enumerate the fundamental principles involved in GLP
4. To understand the general safety precautions to be taken in laboratory
5. To be well versed with calibration of instruments and glassware's and also with the preparation of standard solution and reagents.

Outcomes of SIG:

1. It enhances student's knowledge on GLP guidelines.
2. Understanding the industry specific implementation and conduction of GLP.
3. It will help in mitigating the occurrence of risks while working in a laboratory.
4. Understand the basic documentation of analytical methods.

I request you to kindly approve the permission for the SIG course.

Principal
Indore Institute of Pharmacy,
INDORE (M.P.)

Submitted for approval and kind consideration.

Objective:

1. To understand the GxP in Pharmaceutical Industry.
2. To understand the basic concept and importance of GLP, GDP, GCP, GMP in the Pharmaceutical industry.
3. To understand the importance of GDP with the help of ALCOA principals.
4. To understand the GLP practices to be follow during preparation of standard solution and reagents.
5. To be well versed with GLP during calibration of instruments and equipment and glassware's.
6. To enumerate the fundamental principles involved in GLP
7. To understand the general safety precautions to be taken in a laboratory
8. To learn the basic aspects of different quality control techniques.

Outcomes:

1. It enhances student's knowledge on GLP guidelines
2. Understanding the industry specific implementation and conduction of GLP
3. It will help in mitigating the occurrence of risks while working in a laboratory
4. Understand the basic documentation practices of analytical methods.

Execution Plan of the Activity:

GLP & SAFETY MEASURES

ASSESSMENT PROCEDURE

This is a 30 hour course which will include classroom training, practice sessions, assignments based final exam. All the candidates who clear the final test will be provided with the certificate.

Assessment Topics:

Assessment questions are framed on the certain topics like:

1. Introduction of GLP
2. Handling of chemicals and dealing with hazardous substance
3. Calibration of instruments and glassware's
4. GLP in Pharma QA and Audits
5. Various technique used for purification of solid and liquids.

Criteria for Getting Certificate: Minimum 75% attendance and successful submission of final test with 50% passing marks

SIG-Report

Session: July-Dec 2022

GOOD LABORATORY PRACTICES
&
SAFETY MEASURES

For B Pharm second year students, a 30 hr certificate course, SIG, on Good Laboratory Practices & Safety Measures was organised. The SIG was inaugurated by Honourable DG Sir. One week SIG consists of various modules. The SIG was conducted to enhance the basic knowledge of student's accordance to GLP. It enhanced student's knowledge on GLP guidelines. It also helped them understanding the industry specific implementation and conduction of GLP. Understanding the basic documentation of analytical methods was also accomplished. Along with GLP they also became aware about the safety measures employed in laboratories.

The SIG was inaugurated on 10th October 2022 by Principal Sir, all faculty members and students. After formal inauguration Module 1 was started by Expert Mr. Sachin Bathma MD in AASRA. He gave brief introduction of GxP to students explaining its purpose and importance in pharmaceutical industry.

Module 2 was taken by Dr. Gurmeet Chhabra explaining importance of GLP in pharmaceutical industries. Then Module 3 was taken by Mr. Gaurav Sarsodiya in which he explained about handling of chemicals and also dealing with the hazardous substances. Further Modules were taken by Dr. Priya Jain & Ms. Saloni Yadav as per the schedule in which she explained about glasswares including its handling, cleaning and drying. The module is consisting of both theory and practical exposure to students. The faculties conducted some practical training related to glassware handling, calibration, basic laboratory techniques etc. This benefitted the students to understand the concept thoroughly.

The expert from industry is Mr. Sachin Bathma MD Axiom Analytical Service & Recruitment Agency. All industry and academic experts explained students about GLP and its implementation in industry and laboratories. All also discussed about various safety measures to be taken in pharmaceutical Industries.

All modules helped students to understand the working in laboratory and industry. Online assessment was taken from students. Students were benefitted by providing those certificates at the end of the SIG. Also feedback were taken by them to know their views and any suggestions from them. The One week SIG was successfully completed on 17th October 2022.

SIG ON "BASICS & ADVANCED EXCEL"
REPORT

Indore Institute of Pharmacy, Indore organized a 30 Hrs SIG on "Basics & Advanced of Excel". This SIG started on 04/07/22. In this SIG program a rigorous training related to the topic 'Basics & Advanced of Excel' was conducted for final B. Pharm year students.

Resource person: Mr. Manish Satpal (Learning & Development Head, ORAI Robotics, Bangalore)
Venue: Indore Institute of Pharmacy, Indore
Starting Date: 04.07.2022
Time: 9:30 am to 11:30 am

The Expert lecture commenced with the welcoming remarks of Dr. Dinesh Kumar Mishra, Principal, Indore Institute of Pharmacy, Indore. Before starting the lecture Principal Sir narrated the objectives of the lecture. 97 participants attended workshop. The training was conducted in workshop mode & all the sessions were conducted in computer lab. Having sessions in the computer lab enabled the students to have hands-on practice on Excel. It not only helped the students to develop a better understanding of excel, but will also improved the confidence.

Coordinator of the event Ms. Arti Majumdar and Mr. Darshan Jamindar further clarified the aim of the workshop. The main objective of this SIG was to develop a basic understanding of excel and its usage, efficient utilization of excel formulas and to achieve proficiency in MS Excel to perform seamlessly in corporate culture.

Resource Person, Mr. Manish Satpal currently working as Development & Learning Head at Orai-Robotics, Bangalore. Orai-Robotics is a fast-growing company which works in the field of Artificial Intelligence based technologies like NLP & AI chat bots. He had provided theoretical and practical training along with various assignments and practice sheets.
At the end of workshop, Ms. Arti Majumdar Coordinator of the event proposed vote of thanks and acknowledged the contribution of eminent speaker, faculty, staff and participants. Certificate of Participation were distributed to all the participants.

Green Initiatives

A. **Objectives of the Practice –**

At IIP we strongly believe that natural resources should be judiciously used and conserved to its optimum. With this view we conceived the novel project and plan under the dynamic leadership of Shri Arun S Bhatnagar, Director General of the institution to engage the entire group of institutions and to take forward this noble cause of saving the environment by implementing various green initiatives.

B. **The Context –**

IIP has a lush green campus where variety of trees is planted that includes fruit Plants, ornamental plants which not only add the aesthetic value to the campus but also prevents soil erosion. This has also led to conserve the biodiversity and new species of birds are seen in the campus. Apart from inculcating eco-friendly habits like ban on use of plastics, tree plantation various activities to bring about the awareness towards Nature Mother are conducted.

C. **The Practice –**

The 50 acres of lush green sprawling campus has well maintained greenery and biodiversity. Varieties of ornamental plants are grown with scientific methods of Horticulture. Organic farming is being practiced and crops & vegetables without chemicals are produced to supply in canteen.

D. **The Evidence of Success–**

The air quality of the campus is improved after plantation of more than 1700 trees of various varieties. Healthy food and vegetables are supplied in the college canteen is the ultimate goal achievement of practicing organic farming in the campus.

E. **Problems Encountered & Resources Required-**

The main problem of organic farming is less production of food grains and vegetables as compare to chemical farming. So new organic farming techniques are required and training is also required so that high yield can be achieved.

INDORE INSTITUTE OF PHARMACY IQAC INDORE

Principal
Indore Institute of Pharmacy,
INDORE (M.P.)

The campus had approx.1500 trees in previous year and now in this year, institute has planted approx. 200 trees in the campus. Now the total number of trees in campus is approximately 1700 Nos.

Organic Vegetable garden is formed in open land space in Girl's Hostel area. The entire campus is dotted with trees, plants and lawns which are kept well maintained.

The 50 acres of lush green sprawling campus has well maintained greenery and biodiversity. Varieties of ornamental plants are grown with scientific methods of Horticulture. Organic farming is being practiced and crops & vegetables without chemicals are produced to supply in canteen.

- With 220 varieties of medicinal plants alongwith 15 Red listed Indigenous plants Hence we have biggest Dhanwantary Herbal garden in Madhya Pradesh.
- We are also working on conservation of plants which are at the stage of Extinction from the forest of Madhya Pradesh.
- More than 1700 plants have been planted in the campus.
- The college maintains beautiful garden of decorative & flowering plants.
- Every year Plantation Drives are organized for newly admitted students.
- Kalpvriksha vatika contains trees for biological diversity with Spiritual importance. The trees here are the shelter and food sources of various birds and squirrils.
- Pragyan vatika is shelter of Gir species of Cow and it is specially developed to promote the organic farming in our campus by using Cow urine and their Bio waste to produce Bioorganic manure.
- The Khus plantation resides near channel helps in prevention of soils erosion during rainy season.
- The entire plantaion helps in lowering the temp. of campus during summer season upto 1-2^{0}C.

Report on World Environment Day Celebration

The world environment day is celebrated every year on 5th June to raise global awareness to take positive environmental action to protect nature and the planet earth. It is a day that reminds everyone on the planet to get involved in environment friendly activities. People come together to pledge towards building a greener planet. Keeping this aim in view, Indore Institute of Pharmacy, Indore celebrated World Environment Day on 5th of June 2023. Students of various batches from department participated and celebrated world environmental day enthusiastically. They were asked to plant a sapling to create a green corner. A lot of enthusiasm was seen in the students. The event was conducted successfully with whole hearted participation and awareness about plants.

Hon'ble DG Shri Arun S Bhatnagar was the chief guest of the program. Along with students, the Principal, faculty members of department also participated in the joyful event.
